U.S. Sued For Texas City Losses

C. Of C. Groups Urge City Clean Up Dirty Streets

The city administration will be asked to do something about Corsicana's filthy streets and alleys if the board of directors of the Chamber of Commerce upholds recommendations made Wednesday by two committees gathered in joint session.

The recommendation was one among several agreed upon by members of the Street Improvement and Safety Committee and the Beautification and Modernization Committee.

Should the board of directors approve the action, the committee will start rapping at the city hall doors for some immediate action, they said.

"Dirtiest In Texas."

The condition, boiled down, was expressed by N. Suttle Roberts, president of the State National Bank, who told the group that "I think we have the distinction of having the dirtiest streets and alleys in Texas."

The manner in which trash haulers operating under the trash, garbage and brush ordinance, adopted last year, toss debris to the winds while loading uncovered vehicles was criticized. Accumulation of dirt, papers, rags and mud in the city's down town gutters also came in for much criticism.

The representatives of the two groups voted unanimously to recommend that some action be taken to encourage the city commission "to give more thought to cleaner streets and alleys."

Lack of enforcement of an ordinance clearing sidewalks of merchandise also was rapped, and the group recommended to the board that action be taken along this line also seeking enforcement of the law.

Widen Collin Streeet.

Widening of Collin St. from Main to the High School, and creation of a white way—an old story in municipal circles—was given new life as the board unanimously went on record as favoring the project.

The committee also:

Recommended that the Post Oak Creeek bridge on North Beaton St. be widened to eliminate a traffic hazard.

Recommended that action be taken to get the Rock Island to install a railway crossing signal at the intersection of the trackage and Fifth Avenue.

Car Tests Urged.

Recommended that a brake and light test for all automobiles be held in Corsicana and other Navarro County Towns.

The haphazard manner in which Corsicana houses are numbered and blocks designated was raked by Curtis A. Keen, chairman of the beautification and modernization group.

"It is stupid and ridiculous," Keen charged, "to find a difference of two or three hundred in the number of a house right across the street."

Keen said that at present there are three 1000-blocks on one of Corsicana's leading streets, and said others are about as equally misleading.

The group also discussed Fifteenth Street, newly widened, as a traffic hazard, discussing means of protectin~ school children who have to cross it.

Cross-Town Paving.

Another cross-town paved street between Fifteenth and Thirty-First Sts. was favored as the group recommended to the board that the matter be studied.

W. H. Smith, chairman of the street improvement and safety group, presided over the joint session.

Attending, in addition to Roberts, Keen, Smith and Herman Brown, manager, were Campbell Gillespie, Silas Fry, Mrs. Ralph R. Brown, Robert Cason and Mrs. B W. Woolley.

County Will Be Asked To Pay For Street Damages

The city will make formal request to the Navarro county commissioners court that they pay for damages totaling between $500 and $700 done to city streets by a Precinct 1 bulldozer Wednesday night.

Fred V. Blucher, city engineer, charged Thursday that the bulldozer mounted on a tractor, gouged and chewed up that much street. He said he made a complaint to Garland Kent, the Precinct 1 commissioner.

Property owners were up in arms as the comparitively new asphalt streets were heavily damaged. They began telephonig city officials Wednesday night and the calls continued Thursday morning.

Blucher said the tractor started to the IOOF Home via Mills Addition, went west on Park avenue to Twenty-three and One-Half street, down that street to First avenue, down First to Twenty-Sixth street, and from Twenty-Sixth to Second avenue.

Blucher told Kent he "couldn t imagine" why the bulldozer should be taken over the asphalt route.

The police sent a man to the scene after Blucher made a report of it.

Mayor Braselton was informed of the incident Thursday morning and said later he and the commissioners would ask the county to finance the repairs.

Blucher said at least $500 damage was done, and probably more.

City Collection Of Trash At Office Halted By C Of C

The Chamber of Commerce, two committees of which launched a long-needed drive for cleaner streets and alleys Wednesday, stopped its trash collection service by the city on Nov. 12, 1947, records at the city hall revealed Thursday.

The organization was signed out by Herman Brown, manager, who made the notation that "Robert Cason pays this bill."

Cason owns a floral company in the same building.

Cason told Jess Megarity, head of the city's sanitation department, Thursday that the Chamber dumps its little dabs of trash into his barrel.

Under an agreement, Cason pays the $2 a month trash hauling charge, and the Chamber pays the water bill for both concerns, there being but one meter.

Double use of cans by firms is against the city ordinance, Megarity said.

Megarity pointed out the difficulty encountered in the matter of keeping alleys spic and span.

In the Fifth avenue block in which the Chamber is located, four places do not subscribe to the trash service.

Over $12,000 Is Subscribed For Red Cross Fund

The 1948 American Red Cross campaign to raise $13,995 had passed the $12,000 mark Thursday, according to Lloyd Carraway, general chairman.

According to Carraway, Richland and Blooming Grove have reported their quotas completed. A few communities have not reported, he said.

Carraway said that of the $2,000 quota set for the Corsicana business division, including store and shop employes, only $800 had been reported to date. The same is true of the residential division. Less than $800 has been reported on a $2,500 quota.

Texas Crops Hurt By March Freeze Being Replanted

AUSTIN, April 8.—(AP)—Truck crop growers rushed to replace some of their mid-March freeze losses of snap beans, cantaloupes, watermelons, cucumbers and tomatoes, the United States department of agriculture reported today.

Most of the Yoakum and East Texas tomato seed beds were replanted and some seed was sown direct to the fields during the last two weeks in March.

Conditions during most of the two-week period were said favorable for crops that survived the freeze. Cultivation was active and many crops were responding to the warmer weather.

The USDA report did not cover the first eight days of April, as critical shortages of soil moisture were being reported from large blocks of Texas counties.

Native Texan May Be Head Of CAA

WASHINGTON, April 8.—(AP)—President Truman today nominated Delos Wilson Rentzel of Virginia to head the Civil Aeronautics Administration.

He succeeds Theodore P. Wright, who resigned as CAA administrator.

Rentzel has been chairman of the board and president of Aeronautical Radio, Inc.; president and chairman of the board of Aero Radio of Mexico and chairman of the Radio Technical Commission for Aeronautics.

He is 39, a native of Houston, Texas, and a graduate of Texas A. and M. College.

Penn Trustee Dies.

PHILADELPHIA, APRIL 8.—(AP)—Dr. Thomas S Gates, 75, chairman of the board of trustees of the University of Pennsylvania, died today at his summer home at Osterville, Mass., on Cape Cod.

POLITICAL SPOTLIGHT ON NEBRASKA AFTER WISCONSIN SURPRISE

STASSEN FACES MAJOR TEST AGAINST LEADING CONTENDERS IN VOTE

WASHINGTON, April 8—(AP)—Politicians sizing up the apparent Dewey shut-outs in Wisconsin waited today for Nebraska's popularity primary to bring the Republican presidential race into possibly sharper focus.

The Cornhusker State's all-star show next Tuesday marks Gov. Thomas E. Dewey's first test of strength against Ohio Senator Robert A. Taft, who wound up a three day personal appearance tour last night.

It also provides a new showdown between the New Yorker and Harold E. Stassen, the former Minnesota governor who romped off with the Wisconsin prize.

Dewey to Campaign

Dewey flew into Nebraska last night for a two-day speaking campaign, with Stassen likewise on hand for a final ballot drive.

In all, seven names will appear on the GOP ballot, including those of Gen. Douglas MacArthur, second man in Tuesday's Wisconsin race, and Gov. Earl Warren of California, the fifth avowed aspirant for the nomination.

The two darkhorses are Senator Vandenberg of Michigan and House Speaker Josph W. Martin, Jr., of Massachusetts.

Results Not Binding

The result of the presidential balloting will not be binding, however, on the 15 national convention delegates to be picked the same day.

Although Stassen won at least

CIO Plans Big House-To-House Political Drive

By DAVE CHEAVENS

AUSTIN, April 8.—(AP)—A house-to-house drive for votes is the key point in the Congress of Industrial Organization's Texas Political Action program this spring and summer.

This plan was announced in the current issue of the CIO News Notes, published here. The publication said that the list of Texas cities and towns where CIO workers are building up a precinct-by-precinct and block-by-block organization "reads like the postal guide to Texas."

Chairman J. J. Hickman of the Texas State Political Action Committee and Mrs. Pauline Kibbe, the new Texas director of PAC, have just completed a statewide tour in the interests of getting out the vote.

Many Visits Planned

On their itinerary were San Antonio, Waco, Odessa, El Paso, Laredo, Lower Rio Grande Valley cities, Corpus Christi, Houston, Galveston, Port Arthur, Beaumont, Kilgore, Dallas and points in between.

"From this tour comes one conclusion: Our members are busy

Truman Plans Fight To Stop Miners Strike

WASHINGTON, April 8—(AP)—President Truman said today that the administration is going to enforce the Taft-Hartley law to the letter in an attempt to end the coal strike.

WASHINGTON, April 8.—(AP)—Joseph E. Moody, head of the Southern Coal Producers Association, said today he will file a charge of unfair labor practices against John L. Lewis' United Mine Workers.

Lewis already is facing contempt action for ignoring a court order to end the 24-day old soft coal strike.

That order also directed Lewis and the mine owners to negotiate on the miners pension dispute, which touched off the strike March 15.

UMW officials and operators, including Moody, started the talks yesterday and continued them this morning.

But a wrangle developed over Moody's authority as the president of the association to sit in the bargaining conference.

Afterwards Moody told reporters he has asked Attorney John C. Gall to proceed at once with a charge of unfair labor practices against the union and its seven-man negotiating committee.

Lewis was not present during the skirmish with Moody, but his lieutenants said he "might be here at any time."

In the meantime, there was no indication that Lewis intended to comply with the court's back-to-work order despite the contempt citation that was slapped against him yesterday.

Top government officials said Lewis instead appeared to be digging in for a finish fight in the courts.

Hearings Monday

That fight is scheduled to start Monday before Justice T. Alan Goldsborough, the same judge who fined him and the union $3,510,000 in 1946 for defying a similar court order. The fines later were cut to $710,000 by the Supreme Court.

Wide Check Shows At Least 562,000 Miners Are Idle

PITTSBURGH, April 8.—(AP)—A state-by-state check today revealed at least 562,000 workers were idle in the 25-day old soft coal walkout.

The bulk of these were members of John L. Lewis' United Mine Workers—400,000 in the soft coal fields demanding $100 a month pensions and nearly 25,000 Eastern Pennsylvania anthracite miners who walked out this week in sympathy.

The other 137,000 were in related industries crippled by the continually increasing coal shortage. At least 70,000 railroaders were fur-

CONGRESS FAVORABLE TO $275-MILLION AIR-POWER BOOST

PROMPT ADDITIONAL FUNDS REQUESTED IN PLEA FROM TRUMAN

WASHINGTON, April 8—(AP)—President Truman asked congress today for an immediate appropriation of $725,000,000 for expansion of the air forces.

The house appropriations committee, to which the president's request was directed, called a special meeting for this afternoon to consider the request. It plans to report to the house next week a bill carrying the new funds.

The additional money is for use during the fiscal year starting July 1.

SALES CUT OFF

WASHINGTON, April 8.—(AP)—The White House today directed the War Assets Administration to hold up final disposition of all unsold industrial plants, machine tools and production equipment in these plants.

The Army Air Force would receive $135,000,000 of the new cash and the Naval Buerau of Aeronautics $60,000,000.

UMT Shunted Aside

The bigger-and-better Air Force drive temporarily has shunted aside plans for universal military training.

The aerial expansion program moved forward in both house and senate as lawmakers sought to balance manpower and money demands and yet provide the speediest and most effective national defense.

These were the developments:

1. The house appropriations

Tornadoes Kill 4 In Midwest As Texas Swelters

CHICAGO, April 8.—(AP)—Four persons were killed and scores injured in tornadoes which skipped over sections of Illinois and Indiana yesterday.

Property damage was expected to run into the thousands of dollars. The heaviest appeared to be in the Calumet City area on the edge of Chicago and in the Gary-Hammond, Indiana, district.

The federal weather bureau said the twisters hit in an isolated area in the belt of thunderstorms which extended from Arkansas to Northern Michigan.

Cool Wave Due.

Snow fell today in the Dakotas and Minnesota and spread eastward into Northern Wisconsin and Northern Michigan.

A slow moving cool air mass today brought a little relief to North Texas from a spring heat wave that has brkoken seasonal records in many parts of the state.

The Dallas weather bureau said it was problematical whether the cool wave would reach the southern part of the state, where the mercury soared to 102 at Laredo yesterday. San Antonio's 98 degrees was the hottest April 7 on

SPEAK OF NEED FOR CONTROLS—Leon H. Keyserling (left), vice chairman of the President's Council of Economic Advisers and Chairman Edwin G. Nourse of the council, look over a copy of a report which they presented to President Truman. In the report the council said the need for stand-by rationing and wage-price controls is even greater than it was three months ago. Here, Keyserling and Nourse discuss their findings for reporters as they leave the White House. (AP Wirephoto.)

Reds Attack American Letter-Writing Campaign In Italian Election; Both Sides Gird For Final Campaign Week

ROME, April 8—(AP)—The Communist-backed popular front attacked today the letter-writing campaign of Italian-Americans urging Communist defeat in the April 18 elections.

Italians in America have sent a flood of letters to Italy, and this attack against them was seen by some as an indication the letters are having considerable effect.

Meanwhile, party members hitched up their belts for a final week of campaigning for Italy's vital parliamentary balloting.

Surprises Admitted

Reports from both Communists and anti-Communists as well as from foreign observers indicate the final campaign week may bring some surprises. There are possibilities that sensational last-minute efforts to capture wavering votes may develop.

Communists in Rome have been boasting that the "last big electoral coup will be ours."

A poster said the Christian Democrat might be ready to expose an alleged Communist plot to force the Pope to leave Rome if the popular front wins.

Other Developments

In other international developments:

Russia, despite the crucial April 18 Italian elections, appeared ready to veto Italy's application for membership in the United Nations. She insists that all former German allies, including Finland, Romania, Hungary and Bulgaria, be admitted in a bloc.

Moscow accused Italy of two peace treaty violations. Tass, the Soviet news agency attacked the Rome government's plans for 400,000 watchers at the polls. Implying that the poll, watchers would be armed, it said Italy thus violated the clause limiting her armed and police forces to 300,000. Tass said the other violation lay in installation of machineguns on Italian cargo vessels.

In the Trieste free territory, the British and Americans announced limited power will be transferred to local civilian hands in the zone Monday, but Communists will be barred from taking part.

In Palestine, Jerusalem was threatened by a critical water shortage in the continuing Arab-Jewish strife. Unofficial sources said Arab attackers cut a water pipeline from Ras El Ein, 15 miles northeast of Tel Aviv.

A Jewish convoy of 50 trucks, the second in three days, arrived in Jerusalem with food for the Holy City's 100,000 Jews. Haganah, the Jewish militia, escorted it on the perilous journey.

Russians Rule Out Probe Of Crash In Still-Tense Berlin

BERLIN, April 8.—(AP)—Britain is again considering the use of fighter planes to escort its transports to Berlin, a spokesman said tonight.

American officials said the United States will follow suit if the British establish fighter escorts.

BERLIN, April 8.—(AP)—Marshal Vassily D. Sokolovsky today blamed a British traffic violation for Monday's British-Soviet plane collision.

The Russian military commander said that unless he was assured British planes will observe four-power flight rules, he intends to "take measures for the protection of the safety of air traffic over the Soviet occupation zone."

He turned down the idea of a four-power investigation of the crash, which occurred on Berlin's outskirts and killed 15 persons. He favored an inquiry by a Soviet-British commission.

British Version "Slander."

Sokolovsky stated his position in a reply to communications on the crash from his British counterpart, Gen. Sir Brian Robertson. He de-

ERP Director's Duties Are Taken Over By Hoffman

WASHINGTON, April 8.—(AP)—Paul G. Hoffman today pitched into the job of setting up a staff to get the multi-billion dollar European Recovery Program into operation.

The new ERP boss has 5,000 or more job applications ready for study. But officials expect him to turn to the State Department at the outset for key assistants.

Congress, in voting $5,300,000,000 to help 16 Western European countries help themselves, ruled that the enterprise should be run by an agency independent of the State Department. But that department is the only one with any sizeable group of workers familiar with Europe's economic headaches.

Acting with unusual speed, the Senate suspended its rules yesterday to confirm Hoffman as the $20,000 a year recovery administrator. The Foreign Relations Committee earlier approved Mr. Truman's choice of the South Bend, Ind., motor car maker by a 13-0 vote.

Hoffman conferred afterward with Presidential Assistant John R. Steelman at the White House. There was no immediate indication when the formal swearing in ceremony would be held.

He told reporters he hopes to have at least a skeleton working organization set up within a week.

CLAIMS WILL TOTAL NEAR $100,000,000 WITH MONSANTO SUIT

COURT ACTION PILING UP OVER EXPLOSION DISASTER YEAR AGO

HOUSTON, April 8.—(AP)—Damage suits against the Federal government following the Texas City disaster of last April 16-17 neared the $100,000,000 mark today.

Included was a $50,000,000 damage claim filed by the Monsanto Chemical Company.

HOUSTON, Tex., April 8—(AP)—Damage suits being filed against the Feder ' Government in connection with the Texas City disaster of last April are expected to near the $100,000,000 mark today.

Officials of the Monsanto Chemical Company announced plans to file a $50,000,000 suit, while seven other suits seeking a total of $5,208,446 were filed here today.

Some 60 other petitions totaling over $30,000,000 already are on file with the Federal District Clerk at Galveston.

Deadline April 16-17

Deadline for filing the suits under the 1946 Federal Port Claims Act is April 16-17, one year after the disaster.

Claims made here today involved the Lykes Brothers Steamship Company, Humble Oil and Refining Company, Humble Pipe Line Company, a consolidated suit by 26 parties. James I. Fagg and the Texas Employers Insurance Association, and two stevedoring companies.

The announced $50,000,000 Monsanto claim far exceeds the largest suit already on file, a $10,700,000 petition by the Liberty Mutual Life Insurance Company, compensation underwriter for Monsanto.

Railway Asks $8,000,000

The Texas City Terminal Railway Company, operator of the Texas City docks and port facilities, seeks $8,290,000 for property damages.

$100-Million Ship Fund Seen; Solons Face Many Issues

By The Associated Press.

Secretary of the Navy Sullivan today told the House Merchant Marine Committee that the President will ask $100,000,000 rather than the $30,500,000 he originally proposed for merchant ship building.

Needed most, Sullivan said, are passenger liners and tankers which could be converted swiftly to military service.

There were numerous other legislative developments.

Senators and representatives also were concerned with (a) the fight between a house committee and the administration over certain loyalty records; (b) the nomination of Thomas B. McCabe to the federal reserve board; (c) charters for certain veterans' groups; (d) housing; (e) labor.

This is what was happening:

UN-AMERICAN—Speaker Martin said he expects the House to back up the Un-American Activities Committee's request for a certain letter concerning the loyalty of Dr. Edward U. Condon, director of

See CONGRESS, Page 9

U. S. Air Force Expansion Would Take Two Years

By ELTON C. FAY
AP Military Affairs Reporter.

WASHINGTON, April 8.—(AP)—Even if congress orders a quick air force expansion program it may take nearly two years to get 15 more combat groups fully trained and equipped for battle, some air force officials said today.

Discussing the problems of translating any directive of congress into terms of men and airplanes ready to fight, they mentioned these factors to a reporter:

1. The time needed to train individuals as members of air crews and as members of ground crews which keep the airplanes in condition to fly.

2. Training of units in the complex operation of plane formations on bomber strikes, fighter support or attack on enemy craft.

3. Providing the airplanes for the groups.

The air force at its present strength of 55 combat groups uses about 2,700 planes, not including reserves and some 400 to 500 others assigned to separate squadrons.

Altogether, for combat and other purposes such as training and transport, the present force has about 5,500 aircraft in operation.

Secretary of Air Symington had said 6,800 aircraft would be needed for the 70-group force, being demanded in congress. To keep this force, plus about 5,000 planes for the national guard and organized reserves "modern and up to date," some 3,200 new planes would have to be bought each year, he said.

U. S. Now Seeking Petroleum From Latin-Americans

BOGOTA, Colombia, April 8.—(AP)—The United States, officials said today, wants more oil from Latin America to help overcome a critical shortage.

She is interested in reaching a sound economic agreement in the current Ninth Pan American conference here in an effort to make Latin America one of her leading petroleum suppliers, they said.

The U. S. now depends heavily upon Middle Easter countries for oil. Informants said, however, that political difficulties in that area and the lack of economical transportation facilities work against boosting Middle East production.

The U. S. government was reported to have advised Latin America of this situation and asked that exploration be made for new petroleum sources.

Mexico, Venezuela and Colombia now are the leading Latin American oil producers. U. S. officials believe other American Republics offer good possibilities.

The Mexican government has informed the U. S. that if machinery is made available, the oil output there will be raised considerably.

Here's Simple Explanation Of Coal Strike, Court Fight

BY JAMES MARLOW

WASHINGTON, April 8.—(AP)—This will try to unsnarl the John L. Lewis case up to date. It's moving to a showdown Monday.

To understand what's happened so far, and what will happen, keep these three key points in mind:

1. The cause of the coal mine shutdown—pensions. After eight months of arguing Lewis and the mine owners couldn't agree on miners' pensions.

So on March 12 Lewis told the miners the owners had "dishonored" their working contract. The miners quit March 15. They have not been back since.

Strike Or Not?

2. The big question: Strike or no strike? Lewis argues that the miners are not striking. He says they're simply not "willing" to work.

3. The Taft-Hartley labor law. Lewis hates it. Passed last summer, it says that when the President decides a big strike threatens the public welfare, then—

He must appoint a board of fact-

See MARLOW, Page 9

District Track And Field Meet Scheduled Here

The Corsicana State Home will be host Friday and Saturday, April 9 and 10, to the District 31-B Interscholastic League track and field meet, which promises to have the largest number of contestants entered since pre-war years, and possibly in the history of the event.

Over 400 contestants in the various divisions will compete, according to John Corner, State Home coach and director of the track and field event. Preliminaries will be run off Friday afternoon at 1 o'clock, with finals slated for Saturday afternoon at 1 o'clock.

Records in at least eight of the events, which were recorded last year for the first time, are expected to be cracked as the high school speedsters get together. The meet will have added significance this year, since, for the first time, Class B track competition will go to a state championship, instead of regional level, as in former years.

No Admission Charge

There will be no admission charge for the event.

Ribbon awards to the first, second and third place winners in all divisions will be made on the spot, Corner said, and a team trophy will go to the senior high school team winning the district championship.

The senior girls volleyball competition, postponed from last week, will be held Friday morning, April 9, at 9 o'clock.

Records expected to fall in the track and field are marks for the 100 yard dash, 220, shot put, discus, pole vault, mile relay, mile and 880. The State Home Lads set the present marks in most of those events last year, and are favorites to repeat as the district champions this year, on the basis of performances to date.

Most of those records have been bested in practice meets this year, Corner said.

Three Divisions

Teams entered in each of the three divisions of the meet are as follows:

Ward School—Blooming Grove, Emhouse, Mildred, Powell, Rice, Providence, State Home and Richland (131 contestants.)

Junior High—Blooming Grove, Emhouse, Rice, State Home and Richland. (75 contestants.)

Senior High—Blooming Grove, Emhouse, Kerens, Mildred, Powell, Rice, Richland, State Home. (237 contestants.)

An added event, borrowed from the Texas Relays and run for exhibition purposes, promises to be one of the highlights of the meet. It is the football relay, and Kerens Rice, Richland and State Home will take part in it.

Winners of the first three places in each event of the meet will qualify for the regional meet, which will be held in Dallas on April 24.

Corner said that a practice meet for contestants qualifying for regional competition will be held at the State Home on April 17, in order that the athletes may have some competition in the interim period.

Miss Letha Curry left today for a month's visit with relatives at Denton, Bellevue and Goodlett.

TEXAS CITY

CONTINUED FROM FIRST PAGE

involve freighters destroyed in the disaster.

Lykes Brothers Steamship Company asks $2,000,000 for loss of the SS High Flyer, and $640,000 for loss of the SS Wilson B. Keene.

The High Flyer exploded at approximately 1:10 a. m., April 17, and today's petition states the vessel "completely ceased to exist."

The Wilson B. Keene was sunk by the High Flyer explosion and its hull still protrudes from the waters of the main slip of the Texas City water front.

26 Claims Consolidated

A consolidated claim of 26 parties ask $1,500,000 in connection with the deaths of 15 individuals and injuries to 11 others.

Humble Oil asks $344,211 for alleged destruction of 180,988 barrels of oil stored in the waterfront area, while Humble Pipe Line asks $739,235 for damages to its properties and loss of 146,425 barrels of oil.

Two smaller suits involve James I. Fagg and the Texas Employers Insurance Association, asking $75,000 for personal injuries, and the Southern Stevedoring Company and the Texas Star Stevedoring Company, each seeking $5000 for loss of supplies.

Government Liable

Primary allegation of the petitions is that the government is responsible for the explosions in that the ammonium nitrate fertilizer compound included in the cargo of the Grandcamp and High Flyer was manufactured in three U. S. ordnance plants.

Monsanto's statement today said the company is seeking recovery of expenses incurred and losses of profits resulting from the plant's destruction and for loss of services of technically trained personnel killed in the disaster.

It was pointed out the damages asked will be for the total loss suffered, including losses covered by insurance.

Labeled "Fertilizer"

The announcement continued:

"It is alleged th egovernment by reason of its large manufacture of ammonium nitrate for military explosive purposes had knowledge of the potential hazards of the substance." Monsanto will charge the government with responsibility for the explosions in that the ammonium nitrate loaded on the SS Grandcamp and SS High Flyer, which exploded in the Texas City harbor, was manufactured, packed and shipped from three ordnance department plants in accordance with U. S. Government specifications and instructions.

The ammonium nitrate was labeled "fertilizer."

Monsanto officials the day following the disaster announced plans to rebuild the Texas City plant.

Today's announcement said one manufacturing unit of the plant already is in operation and that the remainder of the plant is expected to be in operation by midsummer.

Rubber Former Product

Prior to the disaster, the plant manufactured styrene, a basic substance used in production of synthetic rubber.

A $2,000,000 plant for manufacture of polystyrene, a plastic molding compound, was nearing completion at the time of the explosions.

Monsanto last summer purchased 57 acres of land adjoining the original plant and began a huge expansion program in conjunction with reconstruction.

Other suits have been filed. The explosion left 512 persons dead or missing, 3,000 injured and hundreds of homes and scores of buildings destroyed or damaged.

The suits were filed in Fort Worth, Oklahoma City and St. Louis by widows and children of men killed in the waterfront explosions and by an insurance company.

Fort Worth Suit Filed

The suit filed in Fort Worth listed five widows and the Liberty Mutual Insurance Company as plaintiffs. They seek a total of $608,750.

The individual plaintiffs and amounts sough by each include:

Mrs. Francis E. Coffman, Tarrant county, $115,800; Mrs. Estelle D. Hays, Tarrant county, $95,450; Mrs. Eva J. McAdams, Ellis county, $136,500; Mrs. Annie Lee Miller, Mills county $125,000 and Mrs. Sadie Katherine Spillers, Erath county, $100,000.

The insurance company seeks to recoup $7,200 paid on each claim arising from the death of the five men, all of whom were employed by the Monsanto Chemical Company. The company was described as the workmen's compensation insurer.

The suit, first filed in Ft. Worth as a result of the Texas City tragedy, alleged that the government was negligent and "failed to give such warning and precautions as it had a duty in law to give.

Damages Asked

The widows and children of two men killed in the accident filed suit in Oklahoma City asking a total of $284,700 from the government.

The petitions said the government was negligent in the way it allowed ammonium nitrate to be handled on the USS Grandcamp and did not give employes and others working nearby proper warning of the "inherently and imminently dangerous and highly explosive protensities" of the nitrate.

In the joint suit, the Liberty Mutual asked $151,000 for Mrs. Katherine S. McNallen and her children in the death of Paul J. McNallen, and $133,700 for Mrs. Pearle Gilley in the death of Walter E Gilley.

The suit in St. Louis was filed by the widow and son of a St. Louis man who was killed in the blasts. It seeks $175,000 in damages. Mrs. Virginia D. Herring and her son, William; alleged that Herring's death was due to negligence on the part of the government in allowing a ship loaded with an explosive to dock at Texas City.

Herring was an employe of the Monsanto Chemical Company.

scribed the British version of the accident as slander. His letter was published in Taegliche Rundschau, official newspaper of the Soviet military administration.

Robertson said on his return here this morning from Duesseldorf that he intends to deal immediately with the Russian reply. He gave no hint of what he intends to do.

Arriving in Berlin at about the same time was Mourice Couve de Murville, one of France's two diplomatic negotiators. He is to meet ranking officials of the Western Allies and many believe negotiations for a closer linking of the French zone with British-American Bizonia are on tap.

Position Reversed.

The marshal's letter reversed the position he took Monday after the accident. At that time he expressed regret and assured Robertson the Russians did not intend to interfere with flights down the allied air corridor to Berlin.

His communication was the latest interchange between Russia and the Western Pawers since the Soviet military administration instituted rules April 1 restricting Allied railroad traffic through the Soviet zone between Berlin and the Western Zones.

Western sources have interpreted these rules as an attempt to squeeze the Western Allies out of Berlin. The Russians have agreed to a four-power meeting to clarify the restrictions, but no date has been set.

Escorts Threatened.

Both Robertson and Gen. Lucius D. Clay, United States military governor and commander, threatened Monday to escort transport planes to Berlin with fighters unless the Russians gave a "satisfactory explanation of the crash." After Sokolovsky said he regretted the accident, they decided against this.

The Roane Home Demonstration Club will meet at the Roane school on Fridway.

Navarro Baseball Team To Oppose Clifton Friday

Navarro Junior College's baseball team will bid for its second conference win Friday afternoon at 3:30 at Bobbie Joe Territo Park, against Clifton Junior College's nine.

The Bulldogs hold a victory over Henderson County's Cardinals in their first encounter last week. The locals went down before Baylor's Cubs last Saturday in Waco in a practice game.

Tickets for the encouter will be sold at the gate only, and priced at 50 cents for adults and 25 cents for students. Coach Guyle Akridge said that as soon as the lights at the field are installed, the college games would be played at night instead of afternoon.

Lloyd Longino will probably start on the mound against the Cliftonites.

Other probable starters are Milton Vinson, catcher; Jack Holland, first base; J. H. Justice, second base; Charlie Smith, shortstop; Bruce Crissman, third base; and L. D. Wilson, Charles Herd and Wayne Watkins at left, center and right fields, respectively.

Collarbone Broken.

Dewey McMullan, student in Rice public schools, received treatment at the Navarro Clinic Wednesday afternoon for a broken collarbone.

The youngster collided with another playmate while playing baseball at school. Mrs. J. K. Bradley brought the injured youth here for treatment.

The parents are Mr. and Mrs. T. C. McMullan of the Tupelo community.

Mrs. P. T. Montfort of Bryan is visiting relatives and friends in Chatfield and Corsicana.

COAL

CONTINUED FROM FIRST PAGE

The government paved the way for a possible new contempt trial when it asked Goldsborough to order Lewis to "show cause, if any" why he and the UMW should not be punished for ignoring the strike-end directive issued last Saturday night.

Goldsborough promptly signed the order, which also calls upon Lewis to say why he shouldn't be held in both criminal and civil contempt. This leaves any possible penalties entirely up to the judge. He could order a jail term as well as a fine if he found Lewis guilty.

Lewis has made no move to halt the strike since the first court order was issued by Federal Judge Matthew F. McGuire. Instead, his attorneys asked Goldsborough to dissolve the McGuire order on the grounds that it is unconstitutional. They argued that the 400,000 soft coal miners are free agents, striking because they want the pensions authorized by the 1947 contract.

On Monday, Goldsborough will dispose of these three major questions:

1. Whether the McGuire order should be upheld;

2. If so, whether it should be extended to the full 80-day injunction called for under the Taft-Hartley act and;

3. Whether Lewis and the union are in contempt for not ending the strike.

If they fail to clear themselves of the contempt citation Monday, a trial will be held Wednesday.

STRIKE

loughed together with 45,000 steel workers.

Iron Age estimated that by the end of this week the coal walkout will have caused the loss of 600,000 tons of steel.

Pennsylvania had the largest number idle in related industries—about 25,000 not including the anthracite workers. Bethlehem Steel Corp. took the brunt of the cutbacks with 22,500 workers laid off at its Bethlehem and Johnstown plants.

Every day brought new cutbacks in the steel industry.

Bethlehem Steel banked a fourth blast furnace at its Johnstown, Pa., plant, making four of seven idle.

Notice

Ward cemetery working will be held Friday, April 16. Bring dinner and tools.

150th Anniversary Is Celebrated By Mississippi

NATCHEZ, Miss., April 8—(AP)—Natchez, first capital of the Mississippi territory, yesterday celebrated the 150th anniversary of the state's admission to the United States.

Atop historic Ellicott Hill where the first American flag was raised in Mississippi in 1798, post office officials presented an album of the first commemorative stamps honoring the occasion to W. B. Fontaine, who represented Gov. Fielding Wright.

Third assistant Postmaster General John J. Lawler and Samuel Young, executive assistant to Postmaster General Jesse Donaldson, made the presentation.

Soil Must Be Kept Up To Standard, Banker Warns; More Cotton Planted

More soil practices must be put into effect, B. L. Sanders, large landowner of Navarro and adjoining counties and president of the First National Bank here, stressed while discussing the agricultural situation of the present time.

"The surface hasn't been scratched yet," he said of the soil building program after referring to the tendency of increasing the cotton acreage this year in Central Texas because of several factors, including the lateness of corn planting due to freezes and rains, and also the increased price of cotton.

Increased Cotton Acreage.

The bank president said that a number of farms were being returned to cotton production in this section after having been devoted to grazing and other soil building practices. The general estimate of those in a position to know place the ncreased cotton acreage at 10 percent over 1947.

Many farmers are planting cotton earlier than the average time, Sanders continued.

"This blackland belt of Texas must make greater progress in soil improvement and rebuilding unless serious financial effects are to be experienced," the banker continued, and spoke of the added difficulty in reclaiming the black lands as compared with the sandy soils. When the black land is destroyed, only clay remains while in the sandy East Texas area there is sand from which to rebuild with proper practices.

Sanders said that additional farms should be returned to grazing instead of increasing the cotton acreage with its depleting effect on the soils.

Must Build Soil.

"We must keep the soil up to standard, or things will go wrong," Sanders said and added that it behooved residents of towns and cities to concern themselves in conserving and building the soil since the very foundations of the urban centers are the surrounding farming and ranching areas in practically every instance.

"The town people have almost as much at stake as the owners and operators of the farms and should be interested in the program," the banker said.

In addition to his duties as president of the local bank, Sanders, owner of extensive farm and ranch properties in Navarro, Hill and Limestone counties, is a director and stockholder of the First National Banks at Dawson and Coolidge, and is also a director of the Federal Land Bank of Houston, and other financial institutions.

Rain Is Needed.

Unless rains are received during the next few days, growing crops in this section will begin to suffer.

Fullscale cotton planting activities are expected to be in progress by early next week. Corn and rowstuffs in a majority of instances have already been planted and many fields have corn already up.

County road commissioners have repaired, dragged and put most county roads into good condition, repairing the damage done by the extensive unfavorable weather conditions several weeks ago.

405 Infant Bodies Found On China Streets In Week

SHANGHAI, April 8—(AP)—Bodies of 405 Chinese infants were found on Shanghai's streets in the first week of April.

Most of them were victims of an epidemic of measles.

Bodies of 26 adults also were found.

The toll of disease, starvation and cold totals 7,307 for the first three months of the year—6,957 of the victims children.

Mississippi GOP Invites Democrats To Beat Truman

JACKSON, Miss., April 8—(AP)—The Independent faction of Mississippi's Republican party has invited members of the State's Democratic party to join it in seeking defeat of the persent National administration.

The invitation was contained in a statement issued yesterday by George W. Forbes, Independent faction chairman. The statement lauded Gov. Fielding L. Wrigth's stand against current administration policy but asserted the trend could not be altered while working within the National Democratic party.

The statement charged that both the Republican and Democratic National committees were willing to sacrifice the white South in an effort to win negro votes in northern sections where it is the balance of power.

Election Held By Red River Board

SHREVEPORT, La., April 8.—(AP)—A. C. (Pat) Mayes, publisher of the Paris, Tex., News, was one of the members reelected to the executive board of the Red River Valley Impovement Association.

The association's annual convention ended here yesterday.

W. T. Murphy, Jr., Texarkana, Ark., also was reelected as a member of the executive board.

Elected to posts of vice president representing Texas:

O. W. Boswell, Paris; Tom Jeffers, Deport; Grover Pickering, Cooper; W. S. Ford, Jefferson; Paul Marable, Clarksville; Clyde Palmer, Texarkana; A. M. Bower, Jefferson, and F. H. Kohfeldt, Denison.

Civil Service Exams

Civil service commission will hold examinations for position of inspector, construction in the fields of asphalt, earthwork, concrete and core boring at entrance salaries ranging from $2,394 to $3,397.20 per year, with employment with the Corps of Engineers, Department of the Army, Galveston district.

Also examination for engineer trainee at $2,168 to $2,394 per year with the Bureau of Reclamation in Oregon, Washington, California, Arizona, Nevada, Idaho, Montana, Colorado, Wyoming, New Mexico, Utah, North and South Dakota, Oklahoma and Texas.

Examinations will be held for administrative officer and administrative assistant at entrance salaries of $3,397.20 to $9,975 per year. Employment will be with various federal agencies in Texas.

Application blanks for above examinations can be secured from W. C. Galloway at the Corsicana post office.

Office Glamor Important To Career Girls

By BETTY CLARK
AP Newsfeatures Beauty Editor.

It is just as important to look pretty in the office as it is to look lovely when dating. Some girls tear around their offices looking like zombies all day and then at 5 o'clock suddenly emerge as glamor queens.

Little charm aids which can add to your attractiveness should be kept in the desk drawer, and used not just for emergencies, but at frequent intervals during the day.

A bar of soap and a clean towel will come in handy as a quick refresher. Small cotton balls can serve as powder puffs and can be disposed of after they have been utilized. You can get a good supply of these for a few cents and they will prove more sanitary than your dirty powder puff.

Witch Hazel Good.

Witch hazel is a wonderful pick-me-up when your face is flushed and as an astringent before applying new makeup.

Include in your little grooming kit a clean pair of stockings, an extra dickey or collar and cuff set and a pair of sparkling white gloves. Crisp white accessories alway can flatter even a drab office dress which must serve as a last minute date dress.

Be particularly careful of the makeup you wear in the office. The point is to look neat and clean. You don't have to plaster yourself with greasy foundations, mascara, eye shadow and rouge to win the boss' admiration. You may,

CHARM IN THE OFFICE—Small sanitary balls of cotton can be used to apply a fresh makeup.

with this glamor routine, only succeed in making him ill.

Look as pretty as possible by keeping your skin free of skin blemishes. Use powder, a not-too-dark lipstick and brush your hair to a lovely sheen. A light cologne is always permissable to use in the office, but skip the heavy, exotic fumes.

Critical Forest Fires Reported In Louisiana

SHREVEPORT, La., April 8—(AP)—Forest fires were reported burning between 2,000 and 3,000 acres throughout Louisiana and State Forester James Mixon described the situation as critical.

Mixon said that at least 200 fires were burning in the state and that his department was powerless to fight them because of insufficient manpower and inadequate equipment.

The state forester said fires were burning in Bienville, Winn, Union, Allen and Rapides Parishes.

Investigators are checking reports on incendiary fires in Bienville and Winn Parishes, Mixon said.

THE 'Jeep' IS THE ANSWER WHEN THERE'S WORK TO BE DONE

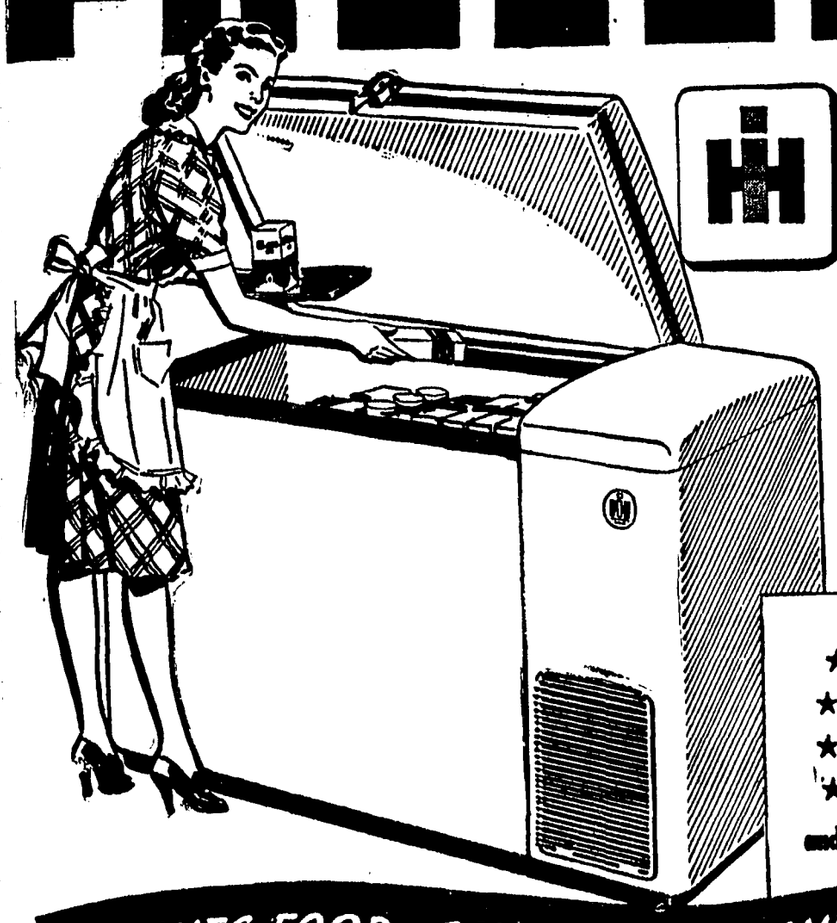

GET A 'JEEP' ON THE JOB

Got some tough work to do? Then get a "Jeep" and get it done. The rugged Universal "Jeep" does more farm jobs and does them better than any other machine. It works the year 'round as a light tractor, pick-up, tow truck, and mobile power unit. Let us demonstrate on your farm.

Rotary Club Told Future Bright For Johnson Dairies

In 1960—all things being equal and the formula working on schedule—Johnson County will have 1500 herds of milk producing Jerseys, and the dairy industry "will be coming there like bees going to flowers," a Cleburne banker, ex-school leader and Jersey cattle enthusiast told members of the Rotary Club at their luncheon Wednesday at the Navarro Hotel.

The speaker, presented by Charles Willmann, local dairy leader, and introduced by Herman Brown, manager of the Chamber of Commerce, was Emmett Brown, head of the Cleburne Rotary Club's Jersey cattle plain.

Club Year Old

Almost a year ago the club started sponsoring the placing of fine bred Jersey heifers in the hands of capable boys, with the id a in view that over the years the boys would become the center of a vast dairy industry that Johnson County needs.

The boy earns the heifer, Brown stressed. He is given title to it only when he cares for it, and turns back its first heifer to be given another.

"He loses it if perchance he breeds it to a white face bull in the hopes of getting a little beef cash" Brown said.

More than 60 of the heifers, each costing an average of $203, have been placed. At a meeting Thursday 22 more will be awarded, scattered among youths on farms of less than 100 acres, with proper pastureage.

Some Bickerings

"Johnson County has had bickerings," he said. "There has been much ill feeling. But during the little more than 10 months that we have been pursuing this program the goodwill between the rural and urban centers, and between the rural centers, has been better than ever before in the 50 years I have known it," he said.

Brown said the investment the merchant makes in one of the calves is "insurance and social security, both" to his business.

The fundamental idea is establishing within a given period of years of Johnson County as the outstanding milk producing area in Texas.

Traded Bicycle for Heifer

Brown, who traded a bicycle for his first Jersey heifer in 1889, and has never "lost my love for her potential good in achievements," has long been associated with Jersey circles of the state. He was one of the founders of the Texas Jersey Cattle Club, and also the Texas Pecan Growers Association.

Special guests of the club invited to hear Brown were J. N. Edens Sr., Tim Patrick, Stokes Armstrong, Horace Hays.

Mrs. Virginia Sturm of New York, representative of the Civic Music Assn., conducting a membership campaign here, asked the Rotary Club to again take student memberships for State Home and I. O. O. F. Home residents.

Guests

Other guests at the luncheon included George Gott of Cleburne, Dr. George C. Baker, Jr., San Antonio Methodist pastor; W. T. Pyke of the Dallas Salvation Army, Harold H. Goodman, assistant to the president of the U. S. Air Conditioning Corp., Minneapolis; Bennie Poarch and Wayne Bower, junior Rotarians; and R. F. Ruthferford of Columbia, Tenn.; Maj. John R. Davis, Salvation Army, Longview, R. E. Curtis, Waxahachie, visiting Rotarians.

Tom Bailey presided in the absence of Moyne L. Kelley, president.

Parents of Son.

Mr. and Mrs. B. M. Winstead of Weatherford are the parents of a son born April 5 at the Harris Methodist Hospital. The mother was formerly Miss Evelyn Bunch of Corsicana. The grandparents are Mr. and Mrs. Fred Bunch, 1902 West Second avenue, Corsicana, and Mr. and Mrs. C. M. Winstead of Weatherford.

Corsicanans At Student Council Meet In Temple

Dick Robinson, president of the Corsicana High School Student Council; Jon Mac Burkhart, incoming president; George Baum, Jr., Nancy Mize and Aubrey Daniels, members of the Council, and Miss Anna Belle Kiber, sponsor, were in Temple Saturday to attend a conference of Student Councils of District 10AA.

Dick Robinson presided for a panel discussion on "Securing Better Relations Between Student Council and Student Body." and Jon Mac Burkhart participated in a panel discussion of "The Point System."

Dick Robinson and Jon Mac Burkhart were the voting delegates from the local organization.

Schools represented at the conference were Temple, Waco, Cleburne, Ennis and Corsicana.

Courthouse News

District Court.

District Judge A. P. Mays Tuesday granted an injunction against L. G. Townley, restraining him from further violations of the prohibition laws. The injunction order followed a district court hearing at which Liquor Control Board Inspector R. T. Bailey was the chief witness. Townley did not appear.

E. C. Carver's $75,000 damage suit against Ray Smith of Dallas, was being transferred to Dallas district court Wednesday on a plea of privilege granted to the defendant, District Clerk J. C. Gaston announced.

The suit grew out of an oil truck-car crash near Angus February 8, 1947.

Divorces granted Tuesday included:

L. E. Hull vs. Irene Hull.

Robbie Annie Mae Brown vs. L. C. Brown.

Mrs. Bessie Staggs vs. S. G. Staggs.

A four-year suspended sentence imposed in District court here on Ellis Lee, alias Jack Lee, October 13, 1947, on an indictment for forgery and passing, was revoked by District Judge A. P. Mays Wednesday on a motion presented by County Attorney Charles T. Banister.

Lee was convicted in Kaufman and Henderson counties after the trial here and the revoked sentence is to begin after the present sentences imposed in the other counties.

Commitments were issued Wednesday for M. W. Holloway on a contempt proceedings instituted in the case styled M. W. Holloway vs Flora Belle Holloway, following the failure of Holloway in paying $180 in support of two minor children as directed by a court order. The order was entered by Judge Mays.

District Clerk.

Francys Watson Neal vs. J. F. Neal, divorce.

Joe Radriques vs Mary Radriques, divorce.

Two separate damage suits, each the result of a vehicle wreck, were filed with the district clerk Wednesday and Thursday. Both asked $500 damages. They were styled F. W. Smith vs J. A. Parker, and Maynard Phillips vs Stewart Smith.

Next week's jury list, announced by Clerk J. C. Gaston follows:

T. A. Talley, Rt. 5, Corsicana; Jim Nowlin, Kerens, Rt. 1; A. E. Bitner, Purdon; J. H. Ragland, Kerens; J. H. Wigley, Richland; Jerry Chasteen, Dawson; J. O. Varnell, Barry; E. C. Ponder, Frost; Vester Barnett, Kerens; Don Chandler, Eureka.

S. O. Burkes, City; E. O. Chapman, City; Hugh Allen, Emhouse; Edwin C. Hodge, Rt. 3, City; D. E. Denbow, City; G. D. Dixon, Rt. 3, City; E. B. Speed, Kerens; E. M. Sheppard, Frost; R. B. Burdine, Rt. 1, Rice; J. W. Shaddix, Rt. 1, Angus.

M. P. Dobbs, Kerens; T. S. Hooser, Frost; A. C. Crouch, City; O. G. O'Daniel, City; Alvin Inmon, Kerens; Sam H. Slay, Frost; Walker McDaniel, Richland; E. S. Brown, City.

W. T. Sanders, Frost; Gerald McClung, City; G. W. Baker, City; Geo. B. Alder, City; W. C. Osburn, Dawson; D. C. McNutt, Rt. 2, Dawson; S. H. Green, Rt. 1, Frost; W. H. Lyles, Dawson.

County Court.

Earl Keaton was sentenced to a day in jail Tuesday by County Judge L. L. Powell after pleading guilty to violation of the prohibition laws.

Sheriff's Office 4.

Dallas authorities are holding two persons accused of burglarizing a Richland store several days ago, Sheriff David Castles reported Thursday. The pair was arrested Wednesday.

Justice Court.

Judge A. E. Foster fined one person for a highway violation and transcribed one liquor law violation case to the county court.

Judge W. H. Johnson fined one for disturbing the peace and one for not having an operator's license.

Judge A. E. Foster fined two persons for highway violations.

Judge A. E. Foster fined three persons for highway violations.

Arresting officers were Constable Joe Allen and Deputy Constable John P. Kelly.

Marriage License.

Billy Lee Powell and Peggy Annette Warren.

Dave Arron Hutchings and Mary Jane Davis.

Warranty Deeds.

Jack H. Thompson to Claude L. Milburn, lot 3, block 92, Corsicana, and lot 5, block 133, Dallas Heights Addition, $1 and other considerations.

MR. AND MRS. JAMES MOORE

MISS FRANCES ARNETT, JAMES MOORE OF BARRY TAKE VOWS

The marriage of Miss Frances Arnett and James Moore, both of Barry, was solemnized in a double ring ceremony at the courthouse March 29 with the Rev. Fred W. McClung, pastor of the West Side Church of Christ officiating.

The bride is the daughter of Mr. and Mrs. Travis Arnett of Barry. She chose as her wedding dress a beige suit with brown and white accessories and an orchid corsage. Attendants were the couple's mothers and Miss Iva Moore, sister of the bridegroom.

Moore is the son of Mr. and Mrs. Stanford Moore of Barry.

The bride attended Barry High school and her husband attended high school at Blooming Grove They will make their home near Barry. (Taylor Studio Photo.)

Wildcat Oil Well Named In Honor Of County Banker

A Navarro county banker has a wildcat well in the Blackfoot area, Anderson county, named in his honor.

The Texas Company has staked the H. H. Hanks No. 1, 660 feet from the south and west lines of the lease in the William Allbright survey. This is 3,250 feet northeast of the firm's No. 1, Barnard, Reinhardt survey, completed recently from the Rodessa to extend the pool over a mile noretheast. The Hanks well is scheduled for 11,000 feet, which should take in the discovery Pettit zone, although that zone failed to produce in the Barnard well, it was stated.

Hanks is cashier of the Powell State Bank, Powell, Texas. Local friends say that Hanks' old home is in the area of that new oil development in Anderson county. He has been a banker at Powell for many years.

Miss Craddock Is New President Of County Teachers

Miss Miri Craddock, teacher at Emhouse, is the new president of the Navarro County unit of the Texas State Teachers' Association. Si was unanimously elected at the final meeting of the group Tuesday night at a banquet in Kinsloe House.

Miss Craddock, who was first vice president during the 1947-48 school year, succeeds Mrs. G. E. Ramsey, Sr.

Other officers elected for the 1948-49 year were:

Miss Irene Hardin, first vice president; Gaston Gooch, second vice president (both of Corsicana); and Mrs. A. J. Snyder, of Barry, secretary.

The officers were unanimously elected after a nominating committee's report, presented by A. G. Sebastian, Mildred high school superintendent, was approved.

Announcements made at the banquet-meeting included Junior High School Principal H. C. Allen's reminder that the County Administrators Association will meet Tuesday night at the Junior High School. Dr. Frank Williams, SMU professor, will be the principal speaker.

Civil Service Exams.

Civil service examinations for engineering aides at salaries of $1,822 to $3,397.20 per year will be held for employment with the various federal agencies in Texas Application forms may be obtained from W. C. Galloway at the Corsicana postoffice

Vacancies in the Rural Electrification Administration as field representative (loan applications and electrical utility management), rural electrification engineer, home economist and inspector will be filled by civil service examinations.

Starting salaries of these positions range from $3,397 to $4,902 per year. Forms may be secured from W. C. Galloway at the Corsicana postoffice.

Bond Election Is Being Considered To Improve Roads

Citizens in three West Navarro county communities are now considering petitioning the commissioners court to call elections for issuance of bonds whereby those areas can secure all-weather farm-to-market roads. This information was received by J. N. (Joe) George, Blooming Grove, county commissioner, who was in Corsicana Tuesday morning.

One of the proposed projects is from Cryer Creek to Barry, connecting with Highway 22 there, a distance of four miles.

Barry To Drane.

Another proposition is from Barry to Drane, thence to the 9-foot stub extending within a mile of that community from Corsicana, and from Drane to Highway 31 via the Bryan school house. The road from Barry to Drane is about seven miles while that road to Highway 31 via the school house is 2 1-2 miles.

Citizens of Jester desire a road to Highway 31. There are two proposed routes, one three miles and another 4.6 miles.

The commissioner said the citizens of these communities desired to avail themselves of the present state program whereby the district pays for 75 percent of the cost and the state pays the remaining 25 percent, then maintains the roads as farm-to-market highways in the state system.

Petitions are being carried to the citizens of these communities for a definite statement by the voters as to whether or not they favor the bonds and also if they will donate the right-of-way if needed.

There was a meeting some time ago at Kerens of East Navarro county citizens interested in a road improvement program, but no concrete plan was adopted or determined upon.

The extended period the past winter when travel was all but at a standstill roads because of ice and other weather conditions is believed to be responsible for these moves for road improvements.

Dawson Wins FFA Contest Honors

DAWSON April 6—(Spl)—Dawson FFA teams won high honors in the Fifth Area Leadership contest held at Arlington Saturday with three teams earning the right to participate in the State Leadership contest in Huntsville, April 20.

The Green Hands team of W. B. Slater, Danny Davis, Floyd Bennett and Donald Mahoney won first place in the FFA Quiz. The Chapter Farmer team of Bobby McSmith, Gilbert Horn and Joe H. Broughton took second place. The Farm Demonstration Skills Team of Bobby Lawrence, Billy Joe Kendrio and Billy Gene Cannon won first place.

Visit In Corsicana.

Drew Gillen of Blooming Grove was a Corsicana visitor Tuesday morning, accompanied by his 10 months-old grandson, Robert Nolan Brown, also of Blooming Grove.

Governor, Mrs. Jester To Lead Square Dancers

One of the big features of Texas first Square Dance Festival, which will be held in Austin April 15th to 17th, will be the parade which will be led by Governor and Mrs. Beauford Jester, riding in a pioneer carriage. An escort for the Governor will be formed by the Drum and Bugle Corps of Travis Post, American Legion and a color guard from the Legion Post. The parade starts will be held at 2 p. m. April 15th, the opening day of the festival. It will form west of the Capitol and the line of march will be from the foot of the Capitol grounds down Congress Avenue to Fifth Street.

On the opening night of the Festival, there will be an hour—7 to 8 p. m.—of old-time hoedown fiddling for the entertainment of the Armory Gymnasium audience. This will not be competitive, and numerous well-known old fiddlers, such as Henry Hudson of the Festival organization, and others from all over the state and beyond will participate.

Famous Group.

Scheduled to attend the Festival will be the Bandera Rodeo Rattlimers square dance set from Bandera County, with Les Gotcher, who has made a wide reputation in Hollywood as a dance caller, and who has supervised square dances for sequences, will call some dances during the social square dance evening.

In the team will be Roy Robinson, who won the championship at breakdown fiddler of Arkansas. Rus Gotcher, brother of Les, is a widely known steel guitar player. Mrs. Winnie Gotcher, wife of Les, is one of the featured dancers; and Mary West, a comedienne piano player from Hollywood, also is in the Bandera team. This group will take part in all three night's activities.

Stressing Simplicity

James P. Nash, president of the Festival Association, wishes to emphasize that the keynote of the Square Dance Festival will be simplicity. Clothes will be those of the pioneers, and the old-time fiddling and dances themselves will come to memorate the traditions of the early Texans, some of them extending back to the Elizabethan period in England. Simplicity, rather than the artificiality of "nobility" marks will dominate the entire colorful celebration. It has been emphasized Mrs. Paul Baker, who was in Corsicana recently to present her famous Pioneer Fiddlin' and Square Dance Service Unit at the High School Auditorium, and who will serve as chairman of the Festival, has pointed out that there will be dancing for every individual who cares to participate, whether or not a member of the formal square. The only requirement is that participants shall be dressed in pioneer clothes. The balcony will seat thousands of spectators in street clothes, but the dancers must be in pioneer costumes, she declared. Tickets will be available at the doors of Gregory Gymnasium each of the three nights, it has been announced.

Mr. Farmer
Bring us your hens, fryers and eggs. We will pay you the highest market price in cash.

216 E. 5th Ave.

Gaston Gooch Is Named President Corsicana Lions

Gaston T. Gooch, dean of Navarro Junior College, was unanimously elected president of the Corsicana Lions Club Tuesday at the regular luncheon-meeting in the Navarro Hotel. He succeeds John W. McAdams.

An election of officers followed a report of the nominating committee which had received a straw ballot from the club members. The report was accepted and the slate of officers elected as urged by Lion Sam Werner, chairman of the nominating committee.

Other officers are:

P. T. Fullwood, first vice president; L. B. Dawson, second vice president; Ray Waller, third vice president; John Hearn, re-elected secretary; Robert E. Elliott, re-elected treasurer; Harry Bounds, lion tamer; Don Winslow, re-elected song leader; Mrs. Sam Werner and Bill Elliott, club pianists; W. L. Helman, Don Walker and Foy Garrett, directors to succeed L. V. Majors, M. Evans and Ray Waller, respectively.

Gooch had been first vice president.

Hot Campaign.

The new lieutwister, succeeding Foy Garrett, was carried over and a hot campaign is anticipated between two nominees—D. D. Morris and R. C. Reeder.

Good citizenship awards were bestowed upon five youths by Matt Dawson. The group were selected by school faculty members and student bodies as best citizens. They were: Kelly Paul Burkhart, Louise Sullivan, both of Corsicana High School; Cecelia Downey and Albert Taber, both of the State home; and William J. McKie III, Navarro Junior College. The club plans to make the citizenship awards each month. One will be selected will be guests of the club during the month.

Six new members were inducted into the club. They are, Gene Fletcher, D. W. Barnes, Buck Copeland, R. E. Henry, Frank Ewing and J. H. Toone.

A welcome of four transfer members was given by C. W. Taylor. Transfers are C. B. McClung, from Missouri; Fred McClung, Brownsville; J. T. Smith, Marshall, and D. P. Davis, from Temple.

As the Lions Club has done in the past, it authorized purchases of 20 Civic Music association memberships. Ton will go to the State Home and ten to the IOOF Home.

Don Winslow, director of the Lions Minstrel show to be presented at the Senior High School auditorium April 15-16, announced that a complete rehearsal would be held at 7:30 tonight in the auditorium. Tickets for the event went on sale today at the Texas Power and Light Company.

The new officers will be installed June 20.

Dallas Physician Addresses Doctors

Dr. Jack I. Woolf of Dallas addressed the April session of the Navarro county Medical Society at the city hall Monday evening on "Cause and Treatment of Convulsive Disorder."

A good attendance was reported. Dr. Otis Wills is president and Dr. Paul Mitchell is secretary of the county society.

CORSICANA, TEX., APR. 9, 1948

OCCUPIED JAPAN

Nora Waln, writing in The Saturday Evening Post for March 20, says:

"If the power to promote world order begins in understanding, then every intimate experience of others adds to American ability and strength."

It was in this belief that she accepted an assignment to learn what she could about Japan by living with an inland farm family for a time. After the members of the family gave her their confidence, she learned that they had given the war their full support. They were not blindly led by those in authority, but convinced of their mission to spread out and conquer. It was right, they believed, to drive the Americans from the island strongholds.

They were equally willing to surrender when their emperior gave them that order. Their religion teaches them that life consists of a series of successes and defeats, both to be accepted with calmness and fortitude. They admire success in others, and respect us for beating them. They were surprised at the humane treatment they were accorded by the occupying forces because they expected "rape, loot, starvation and destruction." Such are the tactics of the Orientals in dealing with a defeated enemy, and they had been taught that Occidentals were barbarians.

This farm family has a cherished memento which was shown with pride to their visitor—a piece of blue woolen cloth, which they said was a present from Gen. MacArthur. It was given to them when they turned in their share of the rice crop. It represents, they claim, something they must never forget: the magnanimity of their conqueror.

This friendly feeling of a defeated people toward their conquerors is due in part to the temperament of the conquered and in part to the policy of those in charge of the occupying forces. It shows what can be accomplished with clear and unified aims carried out under strong leadership.

DARKNESS OVER FINLAND

What does it mean to have Communists influence the government? Jan Sibelius, the world-famous composer and a Finn, knows. A letter, smuggled out of Finland to an American correspondent, makes it plain.

The American had been writing and sending Sibelius food parcels. Sibelius now asks the American neither to send him anything further nor write, as the Communist police are scrutinizing every piece of mail from abroad. Less famous Finns who have had foreign letters have disappeared, and no one dares ask what has become of them.

The situation is not pleasant to contemplate.

RAILROADS AND RIDERS

Railroads have received considerable criticism for indifference to passengers. There has been justification for this in many instances. An indication of a changed attitude came the other day on at least one railroad, the Pennsylvania.

As a result of the coal strike, a 25 per cent cut in passenger schedules was ordered by the Office of Defense Transportation. On many Pennsylvania trains affected by this curtailment young women, smartly uniformed, boarded trains and personally- distributed letters explaining the reduced service, begging the patience and understanding of patrons.

Startled by this change of attitude on the part of the Pennsylvania were commuters, those men and women who ride trains twice a day five or six days a week, year in and year out. All roads have come to take these people for granted, to disregard their convenience in train schedules, to designate the oldest coaches and equipment for their use.

There is a ray of hope in the nation's railroad situation. Apparently officials are beginning to realize that there might be profit in good relationship with riders.

A MAN'S POET

"I thought he was dead." That exclamation must have come from many readers upon seeing the announcement of "Harper of Heaven," the autobiography of Robert W. Service, Canadian poet. They must have had in mind the fact that many of his poems have become popular classics, and a classic is traditionally a book by an author who is dead. Yet though Service is 77, he is very far from dead. As his book makes clear, he has been enjoying life intensely, mostly on the Riviera, even when brought in contact with Nazis and other human vermin.

"The shooting of Dan McGrew" and other Alaskan songs have taken hold of the American male as in recent years no other poets have done except those of Rudyard Kipling. Service may not belong on the shelf of the world's greatest poets, but neither does Longfellow, who has long been enshrined in American hearts.

Who knows! Future critics, considering Service's popularity, may re-examine their tests of good verse, and decide that he was a real poet after all.

AHEAD OF HIS TIME

An almost forgotten vice-president is recalled by a new book by Klyde Young and Lamar Midddleton, sketching the careers of the 34 holders of that office. This was Henry Wilson of Massachusetts, Grant's running-mate at his second election.

Wilson deserves special mention because 100 years ago, when 12 hours was the customary day's work in a factory, he advocated an eight-hour day. He also favored collective bargaining when unions were few and far between and the average workman bargained directly with his employer. This advanced stand is the more remarkable because Wilson was a shoe manufacturer and not an employee.

Here evidently was a far-seeing pioneer in industrial relations.

Forty years ago no American had ever heard the phrase "parking ticket." This is a restraint on the right of the individual to do what he likes, a restraint required by the general welfare. How many other restraints, unheard of now, will be made necessary by future needs?

A Russian-made automobile is now on the market in Russia. To get it, however, the buyer must have won a government prize, or present some other reason why the government should allow him to own it. The would-be American buyer may feel that his chances of getting a new car are just as limited.

There is plenty of coal in this country, but no great assurance of getting it how, where and when needed. Even Russians would know better than that.

Edgar A. Guest

THE DRAWBACK.

True perfection none can know.
And to seek for it is vain.
North in winter, its' the snow.
In the South—the hurricane.

Cares distressing will arise,
Go wherever you may please.
When out fishing, it's the flies.
On the beaches, it's the fleas.

Do you revel in the sea?
There is danger that it brings.
Very watchful all must be
For a purple fish that stings.

Sweet and bitterness are twain
In the life allowed to man.
Many a maid has paid with pain
For her lovely coat of tan.

CITY CENTENNIAL TO BE CELEBRATED JULY 2-4 PANEL DECIDES

OTHER PLANS MADE FOR CORSICANA'S 100TH BIRTHDAY OBSERVANCE

The executive committee of the Corsicana Centennial Commission at a meeting Monday afternoon gave final approval to July 2, 3 and 4 as the dates for celebrating Corsicana's 100th anniversary.

A committee previously had named July 4 and 5 as the dates, but the change was made on recommendation of Herman Brown, secretary of the commission and manager of the Chamber of Commerce in order that a full program could be observed.

The executive group, with only three absent, spent more than two hours discussing the form the celebration would take.

Events Scheduled.

Some definite decisions were made. As the celebration now takes shape the following events will be staged:

1. A parade on the morning of July 2.
2. A pageant on the night of July 2.
3. A barbecue and address by Gov. Beauford H. Jester at noon and during the afternoon of July 3.
4. Street dances and general entertainment the night of July 3.
5. An outdoor union religious service the night of July 4.

The gaps between the main events are expected to be filled by various other forms of entertainment.

No Queen.

At least one negative decision was reached. The group turned down Brown's suggestion that a Centennial Queen be selected and crowned.

It was announced that the executive group would be called back into session before many days have lapsed in order to make a final decision as to the exact program to be followed during the three-day celebration.

One committee of far reaching importance to the success of the observance was among those selected during the day. A group was named to handle special invitations to former residents of Corsicana, who will be asked to return for the birthday party. The group is headed by Mrs. W H. Hastings, and consists of J. N Edens, Sr., A. G. Elliott, Lowry Martin, N. C. Goodman, Mrs. T. W. Lovett.

Financial Committee.

N. Suttle Roberts was named head of the finance committee. It was not definitely decided how much money would be needed for the celebration, but it was placed below the $5,000 in snap estimates.

Other members of the finance group are Edgar Rittersbacher, S. J Miles, Sr., Sydney Marks, Ben F. Blackmon, Festus A. Pierce J. N. Edens, Sr., Will Thompson, John R. Corley, B. L. Sanders, Joe B. Fortson, R. L. Wheelock, O. L. Albritton, J. M. Dyer, A. F. Mitchell, Louis Wolens.

The religious service, at which it is hoped a mammoth chorus will be presented in sacred songs will be handled by Dr. Matthew Arnold, chairman; Rev. Erwin F. Bohmfalk and Rev. J. I. Cartlidge. An outstanding minister will be asked to come here for the service.

Legion Barbecue.

John C. Calhoun, former mayor will head the program for the July 3 public speaking. He will be assisted by Joe Daniel and Julius C. Jacobs. For the Centennial berbecue, which will be sponsored by the local American Legion post, W. H. Smith will be in charge of arrangements. These two features are to highlight Saturday's program, and probably will be held at the city park.

The pageant, depicting 100 years of being a town and city, in all probability will be under direction of Lloyd Kerr. Sydney Marks was named chairman of the committee to take care of arrangements.

Others on this group are Miss Ethel Mae Tatum, Mrs. Ballard George, Ralph R. Brown, Lowry Martin, R. S. Reading, C. W Taylor, W. H. Norwood, W. P. McCammon, Judge A. P. Mays, Miss Sue Cook, Miss Mable Bonner, Mrs. Aline Trimble, Mrs. Jewel Walker, Bill Bacon and Don Winslow.

Street Dancing.

Square dancing and street dancing will be handled by a committee consisting of Jack McKinney, Bill Stroube, Robert Davidson, Mrs. L. A. Wortham, King F. Elliott, Mrs. W. M. Peck, Jr., W. A. Lang.

The historical parade, which will open the celebration, will be under direction of John Garner, Louis Wolens, Fred M. Allison, Curtis A. Keen John C. Calhoun, R. S. Reading, J. C. Roe, W. A. Lang, Pete O'Daniel, Fred D. Prince.

Business district exhibits depicting some phase in the life of Corsicana, will be handled by a committee headed by Mrs. A. G. Elliott.

Assisting her are F. B. McKie Mrs. R. R. Cooke, E. Y. Cunningham, Dr. W. W. Carter, Dr. J. Wilson David, Miss Tatum, Mrs. Lee Jester, Mrs. John R. Corley, Miss Willette Greenlee, Robert Hamilton.

Kerens Garden Club Meeting Thursday

KERENS, April 7—(Spl)—Mrs. R. D. Owen, assisted by Mrs. J. A. Daniel and Mrs. Clyde Beck, entertained the members of the Kerens Garden club Thursday afternoon, April 1.

Lilacs, woodbine, daffodils and iris decorated the Owen home.

The program was led by Mrs. James E. Taylor, who introduced Mrs. Robert L. Hamilton, Jr., of Corsicana, who read a group of poems by Edna St. Vincent Milet, which were her favorites.

During the business hour the president, Mrs. Earl Seale, welcomed as guests Mrs R. L. Hamilton, Sr., of Corsicana; Mrs. Leila Daniel, Mrs. Lena Speed, Mrs. Vergil Walker and the guest speaker.

A pleasant social interlude followed the program.

Streetman WSCS In Session On Monday

STREETMAN, April 7—(Spl)—WSCS met Monday afternoon at the home of Mrs. Hugh D. Burleson with Mrs. Pete Carroll as leader, subject was "Opportunities of Rural Churches." Iris, lilac and flowering peach, were used for decorations. Ice cream and cake was served to the seven members present.

GIRL DEPUTY SHERIFF—Mrs Marion Taylor, former Dallas dress model, holds two pistols as she poses for pictures being made as Deputy Sheriff in Gregg county. She is the first female deputy sheriff in the history of Gregg county. Sheriff Noble Crawford hired her as a secretary and receptionist in his Longview office and stated he believed a "feminine touch" will prove advantageous to the entire office. Mrs. Taylor is a native Texan living formerly in Henderson and worked in the FBI offices in Washington during World War II. (AP Photo:)

Rootin'-Tootin' Colleen Becomes New Deputy Sheriff Of Gregg County, Tex.

BY WILLIAM C. BARNARD
Associated Press Staff.

Gregg county has a new deputy sheriff—a rootin'-tootin' square-jawed attractive little Colleen with smiling Irish eyes.

Her name is Mrs. Marion Taylor and she's a former Dallas dress model.

Anthony G. Zoppi, Longview newspaperman, waxed enthusiastic in an interview.

"Feminine Touch."

"Dangerous Dan McGrew," said Zoppi, "would have stopped dead in his tracks. Even the Dalton Boys would have thought twice about raiding any Lougview cash box. The James Boys would have shunned Gregg County like a hot potato and old Sam Bass would have done all his outlawing up in the Yankeee country."

As a matter of fact, though, Sheriff Nobe Crawford didn't hire Mrs. Taylor to enforce the law. H hired her as a secretary and a receptionist. The sheriff said he figured "a feminine touch" would prove advantageous to his office.

"We feel that we have taken a really progressive step in employing a woman deputy," Crawford stated.

Comes From Henderson.

Mrs. Taylor, a Texan, is from Henderson. Her grandparents were among the first settlers in that region. During the war she worked in an FBI office in Washington.

Her husband, an Army pilot during the war, is employed by a gas and electric company. His wife, he says, has his full permission to be a deputy sheriff.

"The first female deputy in Gregg county made an instantaneous hit with even the most stubborn male deputies," Zoppi said. "Her male counterparts don't prop their feet up on the desks and aim tobacco juice at the spittoons as often as they did in the past. And coats and ties are being worn—instead of dust khaki shirts."

Zoppi was sort of impressed, too. He gave the lady a pair of sixguns and posed her aiming them in two directions.

The resulting picture wasn't exactly menacing, but the newspaperman said: "The way she handles those six shooters may make potential law breakers think twice before meddlin' with the law in East Texas."

RED CROSS CONTRIBUTIONS

The following list of contributors to the current American Red Cross campaign to raise $13,055 was compiled and released today by campaign headquarters:

Chatfield

Fred Burkhatter $2, William Thorp $2, Josephine Thorp $1, Betty Markham $3, Jimmie Little $1, Leon Chanault $1.25, Sam Hellum $1, Wash Harper $1, O. F. Crockett $2, Mary Easterling $1.

Auto Telephones To Be Available Here In Spring

Telephone conversations while skipping along in the family car will be available to Corsicana residents this spring, W. L. Cluxton, district manager of the Southwestern Bell Telephone Co., announced Tuesday.

Cluxton said the highway mobile radiotelephone service will be available along the principal north-south and east-west highway arteries.

Corsicana will be served by a transmitter at Eureka and a receiver which has been installed two miles north of here, Cluxton said. The equipment must go through a period of testing before service can be offered commercially.

The local transmitter and receiver are links in the statewide radiotelephone communication system that will include some 23 transmitters and about 50 receivers when it is completed. There are two gaps in the east-west route along Highway 80. They will be filled later by transmitters near Longview, and at Abilene and Sweetwater.

When the system is complete it will be possible for properly equipped vehicles to drive from the Red River to the Gulf, and from Texarkana to Odessa and keep in touch by telephone with any other telephone in the nation, Cluxton said

Connected To Road

Locally, the receiver is connected to the switchboard. Any calls made from automobiles in the area will be picked up by the receiver and carried by wire to the switchboard, with the connectiton with other telephones handled by an operator here, Cluxton said. If the call is to another automobile within range of the transmitter, the special mobile service operator in Corsicana will call the car by radio.

The receiver here will pick up messages from automobiles within a radius of about 20 miles, while the trnsmitter here can be heard over automobile telephones within about 25 miles of Corsicana.

Black Hills WSCS In Social Session

The Woman's Society of Christian Service of the Black Hills Methodist church met at the home of Mrs. C. V. Breithaupt for a social meeting Monday afternoon.

With Mrs. Clema Spurlock leading, the meeting was opened with the group singing, "Rock of Ages," followed by prayer led by Mrs. Elsie Pattison. The roll was called with 12 members answering.

Mrs. M. M. Pike, president, presided during the business meeting. Mrs. Clema Spurlock gave the devotional and she used as her subject "Faith."

Mrs. Elsie Pattison was program leader, choosing for the program topic, "The Whole Creation is Our Lord" and "The Earth and Her Increase." Those who had a part on the program were, Mrs. Sallie Parrish, Mrs. Clark Simmons, Mrs. C. V. Breithaupt, and Mrs. H. M. Parrish, Sr. Mrs. Sallie Parrish gave the closing prayer.

During the social hour the hostess served refreshments.

The next meeting will be at the church house Monday afternoon, at 2 o'clock. Visitors welcome.

MRS. J. W. MC ADAMS NAMED BY BETA SIGMA PHI AS 1948 FIRST LADY OF CORSICANA

Women everywhere, according to Beta Sigma Phi, are giving their efforts and talents to community development, and it was for this reason that Mrs. J. W. McAdams was chosen Wednesday as the First Lady of the Year in Corsicana. Eta Alpha Chapter, Beta Sigma Phi, sponsored the selection of a Corsicanan for the honor, with Mrs. James N. Ellett as chairman of the committee. The committee named leading men and women as secret "nominators," and these men and women made the selection on the basis of accomplishment during the past year. The sixteen members of Beta Sigma Phi in Corsicana were not eligible for the award.

The international organization's certificate of recognition will be awarded to Mrs. McAdams by Mrs. Ellett at a reception honoring the First Lady at Kinsloe House Monday evening from 7:30 to 9:00 o'clock. Assisting Miss Thelma Bowden, president, and other members of Eta Alpha Chapter as hostesses will be the committee that had charge of arrangements for selection of the First Lady of Corsicana: Mrs. James N. Ellett, Mrs. Joyce Blackburn and Mrs. Don Anthony.

Background music for the reception will be provided by Miss Jerienne Thompson, pianist The reception will be invitational.

Accomplishments of First Lady

Mrs. McAdams' flair for unselfish service to her community has been a well-known fact in Corsicana for many years.

As a public health nurse for years, Mrs. McAdams has given hours and hours of service. Her work with the schools of Corsicana and as a consultant on the Free Food Fund in its inaugural years was particularly outstanding.

Mrs. McAdams was one of the first persons called by Mrs. W. Kirke Steele to assist in securing a County-City Health Unit for Corsicana. As her contribution to the victims of infantile paralysis, Mrs. McAdams studied the Kenny treatment, and brought renewed hope and happiness to numerous cases in both the city and county.

Friend of Youth

Mrs. McAdams has worked enthusiastically and incessantly for the youth of this community. Last Spring, when Corsicana along with other communities felt an increase in juvenile delinquency, Mrs. McAdams went into court to intercede for the boys involved. In every way she fought for public understanding of the youngsters.

When Corsicana High School Band students stood in great need of encouragement, Mrs. McAdams organized a Band Parents' Association, furnishing the boys and girls with uniforms and equipment and providing transportation for many of their out-of-town trips. The Band today is a cause for pride in the entire community.

When the community organized a Community Council, Mrs. McAdams was one of the first to offer her services. She has contributed also to the YMCA Youth Center and was active in the campaign to secure a Junior College for Navarro County.

Mrs. McAdams has believed in young people with such a fighting spirit that she has come to be a symbol for civic interest in Corsicana.

Monday evening's reception honoring Mrs. McAdams should be a red-letter occasion for all who believe in "giving honor to whom honor is due."

International Organization

Beta Sigma Phi centers its activities on cultural and social development, and in addition, its more than 65,000 members in the United States, Canada, England, Scotland, and the territories of Hawaii and Alaska, devote much time and effort, and provide financial aid for many worthy community service activities.

Questionnaires Being Mailed To Advisory Board

Questionnaires mailed to members of the Area Rent Control Advisory Board by the tri-county office are being returned to the local office, according to Clarence J. Lockhart, area director.

Tighe Woods, housing expediter under whose supervision falls rent control, has asked for certain information regarding members of the local rent board.

The questionnaires were mailed to members and will be forwarded by Lockhart to government officials.

Daughter Of Former Corsicanans Wed

Mr. and Mrs. J. R. Lawhon of Ft. Worth, former residents of Corsicana, have announced the wedding of their daughter, James Helen, to Billy Gene Appling of Ft. Worth on the evening of March 26th. The wedding was solemnized before a flower-adorned, candle-lit improvised altar in the home of the bride's parents with the Rev. J. Woodrow Fuller of Diamond Hill Baptist Church as officiant.

Miss Edna Mae Turner of Mansfield played the wedding march and "Because."

The bride wore pink with royal blue accessories and carried a white Bible overlaid with white orchids and showers of white satin ribbons.

The couple were attended by Miss Nita Lawhon and W. H. Anz.

At a reception that followed the ceremony, Mrs. Andrew Haltman cut the cake and Mrs. T. C. Seely served punch.

The couple will make their home at 3323 North Perry, Fort Worth.

Out-of-town guests at the wedding included Mrs. V. H. Scrimshire and daughter, Shelby Jean, Mrs. Odell Cox and son, Billy, of Corsicana; Mr. and Mrs. Jack Turner and daughter of Duncanville; Mr. and Mrs. J. B. Keller and son, Mrs. Edna Bradshaw, H. S. Bradford of Dallas; Mrs. Edna Turner, Miss Edna Mae Turner and Miss Betty Jean Wilson of Mansfield; Miss Georgia McKinney of Park Springs.

Miss Dorothy Nell Harrell And A. J. Schrimsher Wed

Miss Dorothy Nell Harrell, daughter of the late Mr. and Mrs. W. E. Harrell, and A. J. Schrimsher of Keota, Okla., were married in Tyler on Friday evening.

The bride wore a two-piece navy linen suit with navy and white accessories and an orchid corsage.

The bride and bridegroom are both employes of Southwestern Bell Telephone Company, and will make their home in Corsicana.

CARD OF THANKS

We want to express our thanks and appreciation to every one for their kindness shown us during the sudden death of our dear father and grandfather, John H. Roberson, and for the many beautiful flowers. We also want to thank Bro. Sluder for his kind words of comfort. Our prayer is, that each of you will have just such friends should sorrow come your way.—**His Children and Grandchildren.**

The Better Days Ahead

IN the better days ahead, men accustomed to the better things in life will find that fuller scope will be given to Edwin Clapp's outstanding skill in fine shoemaking. The craftsmanship which we have been proud to apply to service footwear requirements will again be concentrated on the fashioning of America's leading footwear of quality, even though stocks of Edwin Clapp shoes are limited today.

finders to look into the dispute. When the board finishes, if the strike continues, then—

Government lawyers must ask a federal judge for a court order—an injunction—to stop the strike at least 80 days.

Board Set Up.

Now go on with the story.

On March 24—when the mine walkout was nine days old—President Truman set up his fact-finding board. The law says the board can compel witnesses to appear before it. The board ordered Lewis and the owners to come.

The owners showed up but Lewis refused. Finally, a federal judge had to order him to go before the board. Then he did.

The board finally reported to Mr. Truman that Lewis' letter of March 12—three days before the miners stopped work—had "induced" them to stop. Still the miners didn't go back.

Order Issued.

On April 3 government lawyers got a federal judge to issue a temporary order—called a restraining order—telling Lewis and the miners to go back to work.

This order was to be in effect 10 days. After that time the judge could decide whether to issue the 80-day no-strike order called for in the Taft-Hartley law.

But, during those 10 days, the judge expected Lewis and the miners to obey his order to go back to work. The miners still stayed away. And yesterday three things happened, bringing the showdown next Monday:

1. The government moved to get Lewis held in contempt of court.
2. Lewis asked the judge to throw out the temporary, no-strike order.
3. The government asked for a more permanent, 80-day no strike order.

The federal judge will start acting on those three requests Monday.

Eat With Brewer—South Highway 75.

Navarro Junior College Approved As First-Class

Officials of Navarro Junior College have been informed that the local institution has been approved as a first-class junior college for 1948-1949, according to a report made by the committee on standards and classification, Dean Alfred H. Nolle, chairman, Association of Texas Colleges.

After recommending Navarro, Allen Academy, Bryan; Henderson County Junior College, Athens; LeTourneau Technical Institute, Longview; Odessa Junior College, and Texas Military College, Terrell, the committee approved the following science courses here:

First year biology, first and second year in chemistry and first year physics.

Other items in the report included:

That all member institutions are authorized to accept at full value work transferred from other institutions.

A senior college is authorized to accept not exceeding 66 semester hours (or the amount represented by the requirements of the freshman and sophomore years of the curriculum which the student enters at the senior college in case the amount exceeds sixty-six (66) semester hours from a junior college before the student enters the senior college. After the acceptance of this amount or credit or after the student becomes a junior, the senior college may accept six additional semester hours in transfer from a junior college, provided the six additional hours are approved in advance by the senior college.

Farm-To-Market Road Is Planned

Plans for the farm-to-market road beginning on the old Highway 31 southeast of Dawson and extending to the Limestone-Navarro county line via Eldorado, a distance of 8.9 miles, have been submitted to the Texas highway commission office in Austin for approval, it was learned here Thursday morning.

The securing of the right-of-way for this road is making satisfactory progress, it was stated. In the event that the right-of-way commitments and easements are executed in time, the contract for this important road in Southwest Navarro county will be awarded within the near future in time for construction this summer.

The plans and specifications on the Birdston and Pursley farm-to-market roads have been in Austin for about four weeks, and these contracts are expected to be let in May.

DEFENSE

committee hauled a $775,000,000 Air Force bill onto the legislative runway with assurance from Chairman Taber (R-NY) of a fast takeoff. Taber assigned top priority to this item in the $3,000,000,000 asked by President Truman to augument the $11,000,000,000 already budgeted for defense. The extra Air Force funds are for aircraft purchases, research and development.

Air Expansion Favored

2. Rep. Cleason (R-Mass) announced his armed services subcommittee would begin hearings on legislation to expand the Air Force from 55 to 70 combat groups.

3. The senate armed services committee weighed a "formal request" by Secretary for air Symington for a 70-group Air Force.

Members of the senate committee confided after the closed door session yesterday that they are considering linking the Air Force expansion with a temporary draft. They indicated UMT action would be delayed for the time being.

Senator Maybank (D-SC) told a reporter:

"I think we can work out a plan for the 70-group air combat plan without its costing too much."

Draft-UMT Delayed

And Senator Byrd (D-Va) said he will support such an increase if an extra $1,800,000,000 will cover the cost.

Chairman Gurney (R-SD) said the senate group now plans to hear Navy officials, possibly Friday. He originally had hoped to wind up work on a draft-UMT bill this week. But now, Gurney said, "I wouldn't even guess we would be through next week."

In other preparedness developments:

Senator Russell (D-Ga.) called for a "draft-industry" provision in the preparedness program. He said that if the senate armed services committee did not include it he would bring up the matter on the senate floor.

Russell said the government should be given power "to take over and operate any factory if it refused to produce goods at a fair price needed to equip our armed forces for defense."

19 of the Wisconsin delegates and Dewey had a chance to grab only one of the eight in the MacArthur column, the New Yorker still leads in the national race to date.

He can claim 108 of the 305 delegates picked out of a total of 1,094 to be chosen. Two more Dewey-inclined delegates were named in Oklahoma yesterday, adding to the 10 he got there earlier. New York has given him 90 and New Hampshire 6.

Stassen holds the second spot in the delegate totals with 46, on the basis of 19 in Wisconsin, 25 in Minnesota and two in New Hampshire.

Vandenberg Gains

Vandenberg, who has said he does not want the nomination, is third with Michigan's 41. Of the total picked so far, 102 are uninstructed. It takes 548 to nominate.

Taft wound up his Nebraska campaign with reiterated emphasis on the preparedness theme he stressed in most of his 14 barnstorming talks. He told a Fremont audience he wants a powerful air force and, while opposed to universal military training, he thinks a temporary return to the draft may be necessary.

Democratic National Chairman J. Howard McGrath took issue with Taft's preparedness stand. Noting that the Ohio senator has been quoted as saying he knows of no Russian intention for military aggression, McGrath, told a Portland, Ore., audience:

Wallace Attacked

"If he knew the facts, he certainly would be advocating rather than opposing such measures of American preparedness as universal military training."

McGrath devoted the major part of his speech to an attack on Henry A. Wallace, the third party candidate. He said Wallace is "talking the same language, with the same reasoning," as Communist Earl Browder.

Wallace meanwhile was telling an Indianapolis audience that Americans "are the victims of a deliberate campaign to create fear." He said the campaign is "designed to win support for policies which would put our economy completely at the mercy of the military and international big business."

The former vice president departed from his text to deny reports that he might quit the race "if certain Democrats were nominated."

Returns Home.

George Andrews, 13-year old son of Mr. and Mrs. D. H. Andrews, 601 North Seventh street, who underwent an operation in the Scottish Rite Hospital, Dallas, last week, was able to be brought home Wednesday night. The lad will be required to remain in bed for a couple of weeks.

the U. S. Bureau of Standards.

The letter was written by FBI Director J. Edgar Hoover to Secretary of Commerce Harriman. Harriman, backed up by President Truman, has refused to hand it over to the committee, because, he said, that would be against the public interest.

The house group has accused Condon of being "one of the weakest links in our atomic security"—a charge which the government scientist denied. A Commerce Department Loyalty Board has okayed Condon.

M'CABE—The Senate seemed ready to okay Thomas B. McCabe, the man President Truman wants as head of the Federal Reserve Board. The Banking Committee approved his nomination to the board yesterday.

HOUSING—Action was being urged today on a Senate Bill to encourage the building of 15,000,000 new homes in the next 10 years.

Okayed by the Banking Committee a year ago, the Taft-Ellender-Wagner bill has not yet been acted on. It was slightly amended by the committee yesterday.

Senators said the House Banking Committee won't act on the bill until the Senate does.

VETERAN'S GROUPS—The Senate judiciary committee, which sent to the floor yesterday bills to give charters to Catholic, Jewish and French-American veterans organizations, had them back again today.

The Senate decided not to pass them after Senator Chavez (D-NM), himself a Catholic, declared that such bills, singling out certain groups, would not help national unity.

LABOR—Senator Ball (R-Minn) said in his weekly news-letter to voters in his state that Congress may be asked to tighten up the Taft-Hartley Labor Act next year. Ball is chairman of a Senate-House committee set up to keep watch over how the act is working.

W. R. Mason Rites Held At Irene

Funeral services for W. R. Mason, aged 76 years, native of Irene, Hill county, who died in a Corsicana hospital Monday afternoon, were held Wednesday afternoon from the Irene Church of Christ with interment in the Mason family cemetery.

Surviving are his wife of Irene, four brothers, two sisters and other relatives.

TEXAS POLITICS

CONTINUED FROM FIRST PAGE

getting ready for a showdown at the ballot box," they said. "With poll tax payments that broke all records, we have the means to do it."

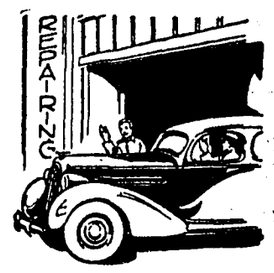

The CIO News Letter indicated three objectives in getting out the vote: To defeat Texas legislators who voted for anti-labor legislation at the last session, the same for members of congress, and to assure a big turn-out friendly to labor at precinct conventions.

Record Vote Seen

A record attendance of voters of all sorts is expected at the precinct conventions because of the unusual interest in the May 25 presidential elector convention at Brownwood. Several factions of the Democratic party have let it be known they are putting time, money and work into the task of digging up partisans on a house-to-house basis over Texas.

These precinct conventions will be held May 1. Delegates will be selected at them for the county conventions. They sometimes are bound by instructions, both on candidacies and issues, depending on the temper of the local meetings.

The county conventions in turn pick delegates for the state convention, but the ultimate make-up of the state convenion actually is decided in the precinct meetings.

MILK, ROADS, OTHER PROBLEMS DISCUSSED BY CITY COMMISSION

FEES ON DAIRIES ARE DEBATED; SOME CHANGE IN BUS SERVICE DUE

The city commission in a session that went along for nearly four hours, talking time, Tuesday afternoon and night, discussed milk and mudholes, paving and politics, bus schedules, fly-by-night merchants, bad roads, and a budget just a little bit

Milk—always a dangerous controvesial subject for all of its purported purity in life's work—topped the list as Navarro county dairymen who sell to out of town distributors, stormed the little commission room to vigorously oppose clamping an overall 60 cents per 1,000 gallon inspection fee.

Milk Ordinance.

Under terms of the proposed ordinance (there were two offered) local plant owners would pay 30 cents per 1,000 gallons for milk produced, and out-of-town plants would pay 60 cents.

The scrap, which has been brewing for weeks as one force apparently led by A. W. Deefee, Cream Crest Dairy Products Co., enlisted the aid of City Attorney Julius C. Jacobs in drafting an ordinance just like one Dallas has, finally came to a head.

Dallas levies the fee. If a Navarro county man wishes to sell milk in Dallas, he must pay 60 cents per 1,000 gallons, not on what he sells in Dallas, but on his entire output.

Defee, who took little part in Tuesday's discussion, but listened mightily, told the commission "It was my idea that if this was good enough for Dallas, it would be good enough for us."

Jacobs, taking no part in the matter, told the commission the amendment to the city's sanitary code, was "Dallas' ordinance word for word, comma for comma."

Opposition Present.

The opposition was led by representatives of Dallas milk distributors operating in Corsicana. They held it wouldn't be fair for Corsicana to levy the fee on the entire output of their companies, although Dallas levies the tax on Corsicana milk sellers on the overall basis.

Roy Galt, Metzger's Dairies representative here, opposed the measure but said his company would have no objection to paying the levy on all milk sold in Corsicana. The group was in accord on this angle.

Harold Blankinship, milk distributor who is obtaining a Borden franchise here, opposed it on the grounds he could not operate. He too, said he would favor the inspection fee on milk sold here by Borden.

The producers present—all of whom sell to Metzger—told the commission Metzger probably would withdraw from Corsicana if the overall tax is levied, and that their market would disappear, creating a surplus that Corsicana could not possibly absorb.

Money Spent Here.

Galt told the commisison Metzger spent $131,081 in the county last year, including $57,096 spent for milk, and $60,000 spent for cream purchases.

The commission, who knew little if anything, about the ordinance, didn't say much. The ordinance was turned over to the ordinance committee for further study.

Mayor Hubert T. Braselton, with a futile wave of his hand, said "Dallas can do this to us, but we can't do it to Dallas, and there's not much we can do about it."

Herman Brown, manager of the Chamber of Commerce, accompanied by H. M. Montgomery, president, attended the session in support of an ordinance to better control peddlers.

Ask License Fee.

Brown asked the following levies be made as license fees on itinerant merchants: Peddlers using motor vehicles, $25; peddlers footing it, $5; medicine vendors, $25; medical specialists, $25; magazine and newspaper subscription solicitors, $5; photographers, $50; merchants opening by temporary sales units, $50 for first month, $10 for each additional month for five months, $5 for each additional month. The latter was to aid in preventing "bankrupt stock," and "fire sale" merchants, who move into a town, sell their goods and depart.

The ordinance committee was given this one for further study also.

Brown also asked, and was promised aid, on the airport road leading to the U. S. Air Conditioning Corp.'s local plant. He said it was practically worn out and impassable.

Bus Service.

S. L. Rudd, owner of the Corsicana Transit Co., bus franchise holders, agreed to demands of a large group, that service in some form be returned to the South Twentieth street, West Thirteenth avenue area. Buses on these streets were discontinued some time ago, resulting in a petition bearing some 250 names being filed with the commission for action Tuesday.

Rudd agreed to make a re-routing, the change to be effective April 12, which was agreeable to the group. The buses, under the new plan, will go south on Fifteenth street, turn west on Thirteenth avenue, go north on Eighteenth street to Eleventh avenue, west on Eleventh avenue to Twentieth street, north on Twentieth to Seventh avenue.

Paving Bids.

Bids were received on paving with concrete the 200 block of East Fourth avenue. Simpson Bros. of Corsicana were low bidders with $2.72 per square yard for the 1,727 square yards. The Austin Road Co. bid $2.88. It was indicated that the latter company would get the contract, but definite decision will be made by a committee this week. The project will cost the city approximately $1,900, and property owners $2,872.

Among the more or less routine things the commission accomplished during the long session was ratification of the order placed by Edgar Rittersbacher, water commissioner, for a Burroughs multiple print public utilities billing machine for the water office. It cost $3,000.

Salary Raised.

Brooks' salary was raised from $150 to $200 a month, effective April 1, to take care o fincreased legal work.

D. P. McAlpine, representative of Mattison, Bavey and Rader, Dallas accountants, in a letter said he would like to start the annual audit this month. He would be paid $315 for the job. Henry W. Grupsmith, Dallas accountant, also asked for the job.

Warning Issued.

P. Travis Fullwood, street and sanitary commissioner, told the commission it was necessary to warn persons who continue to dump their refuse at the city disposal plant that they will be prosecuted. He suggested they bring the trash to the incinerator in the mornings for disposal.

Rittersbacher reported the new tie-in water line near the State Home will be completed this week.

The commission also:

Named Mayor Braselton and Police Commissioned J E Davant jr., to study and make recommendation on leasing the Corsicana Recreation Center to the Texas National Guard, after Tom Spikes, local officer, told the commission the two local units need space.

Heard Mrs. Joe B. Williams discuss a proposed sewer line in the east part of Corsicana.

Petition for Light.

Received a petition for a street light at West Thirteenth avenue and Twenty-Ninth street.

Received the monthly report of Fire Chief H. P. Bivins showing 25 alarms during March, with a loss of $9,666, covered by insurance of $14,300.

Received and ordered paid bills totaling $9 036.50 and divided among the following departments:

Administrative, $1,476; sanitation, $480; fire, $168; park, $48; street light, $297; police, $601; street, $1,307; water, $3,642; cemetery, $115; airport, $825;; white FPHA, $60; negro FPHA, $2.47.

Department Reports.

Received reports from revenue producing departments covering April as follows.

Engineer, $810; tax collector, $1,798; water, $10,749; garbage tax, $2,276; sanitary fees, $306; sewer charge, $8; police chief, and recorder, $1,092 fines; $2.453 parking meter collections; sexton, $753; airport, $528; white FPHA, $705; negro FPHA, $90.

MISS GENEVA PAGE

INCUMBENT MEMBERS OF CITY COMMISSION RE-ELECTED TUESDAY

LESS THAN 1,000 VOTE; APPOINTIVE OFFICIALS NAMED AT MEETING

Less than 1,000 Corsciana voters walked into four voting boxes Tuesday and returned Fred D. Prince, finance, parks and cemetery commissioner, and P. Travis Fullwood, street and sanitary commissioner, to the municipality's governing body for two-year terms.

Fullwood, longtime member of the group, topped the ticket of three with 600 votes. Prince was second with 569, and Luther A. Johnson, Jr., was third with 442. The total vote cast was 898.

Johnson appliance store manager for a department store, was making his initial race, his name having been put on the ballot early in the contest by friends. He bore deeply into the votes of three boxes, but in Ward 1, heavily populated by negroes, he polled only 24 votes, compared with 129 for Prince and 122 for Fullwood.

Sixth Term

Prince was elected for the sixth consecutive term. For nine of the 10 years he was police and fire commisisoner, but was not reappointed to that post when Mayor Hubert T. Braselton took office a year ago. Fullwood, too, has been around the city hall corridodrs for years. His two year term expired last year, but he withdrew from the race for re-election. Then he announced as a candidate to succeed W. E. McKinney, who resigned. The term he just ended was the last half of McKinney's old one.

The city commission Tuesday night canvassed the returns, and Mayor Braselton made the biannual appointments and had them ratified by the commission.

Chief of Police Bruce Nutt, veteran member of the Corsicana police department, was approved for a two year term as head of the department. He was given the post in 1936.

Fire Chief H. P. Bivins and City Recorder Chris L. Knox also were reappointed. Dr. Will Miller, acting director of the Corsicana-Navarro Health Unit, was appointed city health officer so that work of the health department could be coordinated. Dr. Wm. T. Shell, Jr., had held the post, which carries no salary. Miss Loretta Gaillard was re-named city sanitary technician, her salary being paid by the health unit.

All members of the fire and police departments were reappointed to their jobs.

Police department commissions, entitlig holders to carry a pistol if they care to, and make arrests in pursuit of their particular duties, included those for Miss Gaillard, B. H. Nutt, city electrical inspector W. D. Seaton, park policeman, J. R. Nutt, special policeman employed and paid for by the school board, Kenneth A May, lake patrolman.

Vote By Boxes

The vote by boxes in Tuesday's balloting follows:

Ward 1—Prince, 129; Johnson, 24; Fullwood, 122; total, 146.

Ward 2—Prince 60; Johnson, 60; Fullwood, 69; total, 108.

Ward 3.—Prince, 212; Johnson, 198; Fullwood, 220; total, 363.

Ward 4—Prince, 168; Johnson, 160; Fullwood, 189; total, 281.

Totals; Prince, 569; Johnson, 442; Fullwood, 600; total, 898.

ENGAGEMENT OF 2 DAUGHTERS IS ANNOUNCED BY PARENTS

Mr. and Mrs. Robert Page have announced the engagement and approaching marriage of their daughters, Geneva, to George McDonald, son of Mr. Georgia McDonald of Shreveport, La., and Ola Beth, to Fred Roberts, son of Mr. and Mrs. Norton Roberts of Corsicana. The double wedding will take place at First Methodist Church Saturday, April 24th, at 5:30 o'clock P. M. (Photos by Keeling Studio).

Corsicana Track Team To Compete At Waco Saturday

The Corsicana High school track and field team, with several successful practice meets behind it, will take part this week in the District 10-AA track meet in Waco on Saturday, April 10, competing against the other member schools.

The Tigers hold victories over State Home, Mexia and Hillsboro in practice affairs held during the past few weeks, and the Bengals took second place in the AA division of the Dogwood Relays held last week end in Palestine.

Coach Garland Matthews' thinclads will be up against some tough going in the district affair. Temple and Waco are pre-meet favorites to cop the title, but the Tigers have capable performers in enough events to have a hand in determining who will take the title. The Bengals are strongest in the field events, and weakest in tfrack. Should they take some places in the running events, they stand a good chance of ending up on an even footing with the favorites.

The Tigers' best bets for places in the district rest with several of the thin-clads. Benny Poarch, who has been tossing the shot over 43 feet this spring, stands a good chance in that event as well as in the discus which he tosses about 113 feet. Verdie Cook has won the pole vault consistently at better than 10 feet in the practice meets. Charles Bittner has come very close to equaling Poarch's tosses in both the shot and discus.

Jimmy Mash's broad jumps of better than 19 feet could easily bring the Tigers some points, and Bill Davis has been pushing him in the leap for distance all spring.

The Tiger dash men, hurdlers and distance runners have not been able to make the kind of showing that Matthews has been looking for to stand up under the stiff district competition, how ever.

Davis Is Elected Dawson Mayor; 3 Other Towns Vote

R. V. Davis was elected mayor of Dawson Tuesday over the incumbent, Harry Conner, 100 votes to 94 in a close election, reports reaching Corsicana Wednesday stated.

Municipal elections in other Navarro county towns for the most part were quiet.

Winfred Berry and Houston Smith were named aldermen at Dawson without opposition. Holdover aldermen are Wallace Davis, Mack Berry and Charles Smith.

Other municipal elections.

Blooming Grove—Bruce McCormick was named mayor. R. C. Smith and H. S. Whorton were re-elected aldermen and D. E. Brown is the new alderman. Five others were in the race. J. T. Black and G. D. Gillen are holdovers.

Frost—Joe Brown and Edwin Sheppard were re-elected aldermen without opposition. Holdovers are Frank Johnson, mayor; Robert Freeman and Benny Brown Scott.

Kerens—Only 49 votes were cast. Homer Carroll, Jr., Wm. J. Bain, Stafford Cunningham were re-elected aldermen. Earl McClung was renamed city secretary. Holdovers are W. S. Price, Jr. mayor; G. F. White and Ben R. Cherry, aldermen.

U. S. Marine Corps Seeking Recruits

Sergeant T. C. Beezley of the Waco Marine Corps recruiting office announced that the quota for the month of April for regular enlistments is unlimited for men between the ages of 17 and 29.

Beezley stated that in addition to a Marine receiving the best training in the latest methods and tactics of modern warfare, today's Marine must also be trained in many non-military subjects which can be of great value to him in civil life should he desire to leave the service.

Beezley explained that his recruiting trip to Corsicana and Hubbard would be on Wednesday of each week. Applicants may apply at the postoffice between the hours of 9 a. m. and 12 noon in Corsicana and between 1 p. m. and 3 p. m. in Hubbard. All accepted applicants will be transported by Marine Corps vehicles to Waco where they will be sent to Dallas for their final examination and enlistment.

Funeral Tuesday.

Funeral services were held Tuesday morning at 10 o'clock for A. V. Breeland, 46, at Ennis, who died Monday morning following an extended illness. Burial was in the Myrtle cemetery in Ennis. He was a World War I veteran and had resided in Ennis for many years. Surviving are his wife and two sons. Breeland was a native of Purdon.

Miss Rutherford Is Kerens PTA Speaker

KERENS, April 7—(Spl)—The First and second grades of the Kerens grammar school, under the direction of Mrs. J. A. Paschal, Mrs. Helen Miller and Mrs. Carrie McKinney, presented the program at the regular monthly meeting of the PTA in the High school auditorium Tuesday afternoon at 3:15.

The group of songs sung by the first grade were: "The Merry Go Round", "Blossoms," "Tap, Tap, Tap" and "In the Apple Tree."

The second grade's contribution to the program included the following selections by their rythm band with Charles Marvin Cloud directing and Miss Ethel Inmon at the piano: "Twinkle, Twinkle Little Star" and "Listen to the Bells".

Following a routine business session, during which Mrs. Anderson, the president welcomed six new members, Miss Ethel Inmon introduced Miss Lila Rutherford as speaker for the afternoon.

Using as her subject "Health—A Must" Miss Rutherford gave valuable advice and information to mothers of school age and preschool age children, concerning what they should do to help get the child ready for school, physically, mentally, and emotionally, and offered her services to the Kerens school.

Junior College Track Team Will Go To Hillsboro

Navarro Junior College's track and field contestants, working out daily under the tutelage of Ken Clark, will enter their first meet of the season on Wednesday April 14, at Hillsboro, it was announced.

Clark said that the affair would be a triangular event between Navarro, Hillsboro and Clifton Junior Colleges. That meet will be followed on April 24 with a meet held at Clifton.

The Bulldog team will enter the TJCAC conference meet, which is to be held at Texas A. and M. on May 7 and 8, along with tennis and golf competition. The Navarro tennis team has been disbanded but the golf team is still holding practice sessions, and will enter the meet.

Clark has reported the thinclads progressing after a slow start. Without a meet on which to base the performance and ability of some of his candidates, the mentor was reluctant to predict how they would fare. He was enthusiastic over the performance of a number of his charges.

Jack Brown and Neil Gay have been showing up well in the 440, and Bernarr Place has the inside track in the 220 and 100 yard dashes, according to early performance.

John "Sparky" Adams is rapidly regaining his form at the pole vault, and has topped 11 feet several times. Red Gilmore's 41-foot toss of the 16 pound shot is promising, Clark said.

Wade Johnson and Joe Bob Dixon are competing in the 880 and Pete Willard and Ray Cummings have looked good in the 220, 440 and sprint erlays.

Dental Survey In Public Schools

A dental survey is being conducted in Corsicana schools by representatives of the Texas State Department of Health in conjunction with the Corsicana-Navarro Health Unit.

Dr. F. B. Wiebusch and Miss Jane Tisdale, dental assistant, are here to make the inspection. They spent Monday in the Washington school for Negroes, and the Austin school. Travis school was on the schedule for Tuesday.

The survey will continue this week, and the two will return later for a final analysis.

According to Dr. Weibusch parents of pupils are notified when defects are found, with the recommendation that a dentist be seen immediately. A record also is retained at the health unit.

Son Of Local Residents To Wed Louisianan

An announcement of outstanding interest to Corsicanans was that made on April 1st by Mr. and Mrs. Edward Jacobs Crawford of Shreveport, La., of the engagement and approaching marriage of their daughter, Marion, to Claude Cunningham, son of Mr. and Mrs. Estill Young Cunningha of this city. The wedding will be solemnized at the home of the bride-elect's parents on Tuesday evening, May 4th.

Miss Crawford has chosen her cousin. Miss Barbara Faulk of Monroe, La., as maid of honor, and her bridesmaids will be Mrs. James T. Wall, Miss Frances Derryberry and Miss Jean Trippett. The father of the bridegroom-elect will serve as best man. Ushers will be Lieut. George H. Cuningham of Roswell, N. M., Dr. Edward J. Crawford of New Orleans, and Womack LeJeune of Lake Charles, La.

The bride-elect received her B.A. degree at Newcomb College, New Orleans, where she was a member of Kappa Kappa Gamma sorority. She is a member of the Junior League of Shreveport.

The bridegroom-elect was graduated from the University of the South, Sewanee, Tenn., where he was a member of Phi Delta Theta fraternity. He took post-graduate work at Northwestern University, Evanston, Ill. He served three and one-half years with the U. S. Army in World War II, two years of which were spent in the Mediterranean Theater.

The couple will make their home in Alexandria, La., where the bridegroom-elect is connected with a radio station KALB.

Announcement Luncheon

Formal announcement of the approaching nuptials was made by Mrs. Walter B. Jacobs and daughter, Mrs. Douglas Y. Smith of Baton Rouge, La., at a luncheon at the Jacobs home on Ridge Drive, Spreveport, April 3rd.

Receiving with the hostesses were the honor guest, her mother, Mrs. Edward Jacobs Crawford, and her grandmother, Mrs. W. T. Crawford, and Mrs. Estill Young Cunningham of Corsicana, mother of the bridegroom-elect

Honored With Buffet Supper

Mr. and Mrs. Cunningham were named honorees of a buffet supper at the home of Mr. and Mrs. Crawford on Saturday evening, April 3rd. The Corsicanans returned from Shreveport on Monday.

Prints By Local Photographer At Fort Worth Show

Doyle Keeling of the local Keeling Photographic Studio, will return today from a three-day session of the Southwestern Photographic Association which convened in Fort Worth. The Corsicanan was honored by having two of his prints hung in the exhibition salon. The judges were topnotch photographers from outside the five-state area included in the Association membership. No prizes are offered in the competition, but certificates and seals are presented to the wnning photographers.

The winning prints will be placed on display at the local studio, according to announcement.

BEAUTY—Mrs. Alvin Thompson, the former Miss Betty Jean Martin, daughter of Mr. and Mrs. Paul Hudgins of Corsicana, was chosen third-place winner recently in a beauty contest at Austin High School. Mrs. Thompson and two other winners were selected from a list of 58 beauties.

Meat Ordinance Agreement Near

Slaughters of meat sold in Corsicana were reported nearer an agreement Tuesday on a city meat ordinance following a meeting Monday night at the city hall.

Dr. F. P. Jaggi, School of Veterinary Medicine, Texas A. and M. College, discussed the state sanitary code at a meeting of butchers, wholesalers and retailers, and explained in detail a model ordinance.

Chief hitch here has been the matter of slaughtering and inspection. City officials said Tuesday that apparently the slaughterers were nearing accord on the matter.

"Public Health Nursing Week" April 11 to 17

AUSTIN, April 8.—(Spl.)—The State of Texas is planning to observe national "Public Health Nursing Week" April 11-17, as proclaimed by President Harry S. Truman. Dr. Geo. W. Cox, state health officer, urges high school graduates to consider public health nursing as a career.

"Public health nursing offers young women opportunities of lifetime careers which are highly useful and satisfactory. The demand for professional nurses now exceeds the supply in public health and other fields of work," Dr. Cox said. "Possibilities of travel, worthwhile service, income and other features of the nursing profession compare very favorably with those open to women in other careers."

Education for nursing is available in 33 schools in Texas and enrollment is now under way for fall classes, which open about Sept. 1. All schools still have vacancies. Applicants should be graduates of high school or have some college credit, with a record of good scholastic standing, be in good physical condition, and of high moral character. An interest in people and their problems, also ability to work well with one's hands is necessary.

Details regarding nursing education can be secured from hospitals, physicians, nurses' organizations, and local health departments, as well as the Texas state department of health.

Tupelo

TUPELO, April 8.—(Spl.)—Mr. and Mrs. Allyn Douglas of Dallas visited in the home of Mr. and Mrs. T. C. McMullan Sunday.

Mrs. Brian has returned to her home in Mineral Wells. She was accompanied home by Mr. and Mrs. Amos Harwell and children.

Mrs. Ella Mitchell spent the week end in Corsicana with her sister, Mrs Rosa Denney.

Mrs. Hallie Swor and Miss Hallie Mae Storer of Dallas visited in the home of Mr. and Mrs. J. D. Burdine Sunday.

D. C. Gatlin left Friday for San Antonio, where he entered a hospital for medical treatment.

Mr. and Mrs. Allison Jones of Corsicana visited Mr. and Mrs. A. H. Jones and family Sunday.

Mr. and Mrs. J. E. Ayers and grandsons, Michael and Donald Young, visited in Tupelo Sunday afternoon.

Mrs. W. H. Mitchell is visiting her granddaughter, Mrs. Deano Tufares of Wichita Falls. Mr. and Mrs. Tufares have announced the arrival of a son, born March 31.

Several from this community attended the Navarro County Singing Convention at the State Home in Corsicana Sunday.

The ladies of the WSCS served supper Friday night at the church to their families and a number of visitors.

Too-Wet Roads Delay Road Meet

FARGO, N. D., April 8.—(AP)—A meeting to discuss the improvement of roads was scheduled here today.

It was postponed for a week when delegates informed sponsors yesterday that 1.15 inches of rain had made roads impassable and their attendance thus impossible.

Navarro County Educators Warned Of Dangers To Profession At Tuesday Night's Closing Meeting Of Year

By CLYDE E. JOHNSON
Daily Sun Staff

Navarro County educators were warned Tuesday night that the foundations of education are weakening, and that standards can be elevated only through a united and determined teaching profession.

Miss Waurine Walker, president of the Texas State Classroom Teachers' Association, also warned the group that the teacher-shortage condition "is a dangerous one."

Miss Walker, a teacher in Waco and prominent in state-wide educational circles, addressed some 200 persons at a banquet-meeting in Kinsloe House of the county unit of the Texas State Teachers' Association. It was the final meeting of the year, and Miss Miri Craddock was unanimously elected president of the association unit for the 1948-49 school year. She succeeds Mrs. G. E. Ramsey, Sr.

Public Respect Needed

Emphasizing the need of public respect for teachers, Miss Walker declared:

"The first step the profession must take is to develop and enforce a clear-cut standard that denotes teaching as a profession. Then, public respect and recognition will follow."

An attractive brunette, Miss Walker repeatedly lashed out at what she termed "the enemies of education," asserting that they make up a big hindrance to higher standards. She urged the teachers to speak out against these "enemies."

She opened her address with a discussion of what the public thinks about school teachers.

"Sour Puss" Belief Cited

"The public thinks something is queer about persons who want to teach school," she declared. "A teacher is termed a sour puss, battleaxe or a drip. The public believes teachers are maladjusted or suffering from a neurosis."

This public attitude, Miss Walker explained, is one big reason why there is a shortage of teachers. Thousands are dropping out of teachers' courses because the profession does not appear attractive enough.

The speaker listed two important needs—(1) public recognition of teaching and (2) public demand for good schools.

Low Salaries Hit

Admitting that low salaries exist and are blamed some for the teacher shortage, Miss Walker said better pay would come upon public recognition of good teaching.

"Our teachers' colleges are cheap," she declared. "Twice as much is spent to teach a man how to raise pigs than there is for teaching.

"In the depression during the thirties the United States spent five per cent of its income on elementary and secondary education. But in 1947 and 1948 the U. S. is spending only 1.6 per cent of its income for support of schools.

"It is a tragic fact that the teaching profession has done little to elevate standards. Most anyone is accepted to teach—qualified or not. Teachers even advise students not to enter the profession."

Russian Plan Cited

Citing educational standards in other countries, the speaker pointed to Russia.

"Russia wants good schools and good teachers, and they're getting them despite a limited income. Russia spends 20 per cent of its annual income on education."

Miss Walker assailed public committees and groups who know nothing of schools but who make out school budgets and plans affecting education.

"Teachers should recognize their value and importance," she said. She stressed their value by reminding the teachers how German teachers had influenced so greatly the thinking of Nazis.

"Frankly, we are worried about our profession and we are worried about who's going to teach tomorrow," she said, explaining why higher standards are needed.

"Texas will not get better teachers and schools until the teachers demand it.

"In the past we've been to puny in our demands."

Organization and united efforts were stressed by another speaker at the banquet—Lois Gray of Fort Worth, who is on leave of absence and a field representative for the National Educational Association. She said the NEA "acts as a unifying force."

Federal Aid Favored

A staunch advocate of federal school aid, Miss Gray declared that the aid plan would be of much benefit to the South. Aid or not, she said, educational standards of the minority" races must be brought up.

The government only wants to "help us do what we must do sometime," she said.

According to the NEA representative, the federal aid proposal would not interfere with states' rights, but would strengthen them. No agencies or bureaus would be set up by the government to distribute money, she said, explaining that the money would go to the state, which in turn would set up its own distributing agency.

South Need Greatest

A total of $18,675,000 of the proposed appropriation for U. S. school aid would go to Texas, Miss Gray reported. "Most of the money would go to the South where the greatest need exists."

Miss Gray urged the teachers to make known their demands.

Mrs. Ramsey introduced the speakers.

A musical program was presented by the Mansfield and Cook studios prior to the addresses. Little Mary Catherine Barton led off the program with a song and dance number, "I'm Looking Over a Four Leaf Clover", accompanied at the piano by Mrs. Gertrude Thompson. A reading was given by Miss Sarah Lee Crowson, and two piano duos were presented, the first by Miss Janett Nichols and Miss Patricia Allen, and the second by Miss D'wayne Howell and Miss Ruth Elaine Foster.

Bobbie J. Territo Park Is Name Of Athletic Field

Bobbie Joe Territo Park is the official name of the new softball and baseball park on West Thirteenth avenue.

Officials of the Corsicana Softball Association made the designation Monday honoring the boy whose death last week saddened the entire community. He was the son of Mr. and Mrs. Louis Territo.

The lad was an ardent softball enthusiast and seldom missed a game at the old park on the Corsicana high school campus.

Conditional Clemency

John Darby, sentenced to 52 years for theft and burglary from Johnson, Denton, Navarro and Freestone counties in 1940, has been granted conditional clemency by Governor Beauford H. Jester. The original clemency was granted in 1944, according to an Associated Press report from Austin.

Darby, alias Johnnie Burke, was sentenced to not less than 2 nor more than 4 years, April 29, 1940, by Wayne R. Howell, then district judge here, with the sentence to run cumulatively with a sentence imposed in Denton county, the records of the district clerk's office reveal.

Information Asked.

The whereabouts of Mrs. C. C. Sellers is sought in a letter received by the Chamber of Commerce. Herman Brown, manager, said a Mrs. T. M. (Edith) Milam of Fort Stockton is trying to trace the woman.

Benny Poarch Is Two-Hit Pitcher Against Jackets

Corsicana's hard-hitting Tigers opened their district baseball race here Tuesday afternoon with a 14-2 decision over the Cleburne Yellow Jackets, bursting out in a rush of runs in the first inning to take a one-sided lead.

Benny Poarch gave Cleburne but two safe bingles, fanned 15 batters and poled a homer in the fifth to take credit for the win. The Bengals were rough with Hartman, the Cleburne hurler, nicking him for 13 safe blows, seven of which came in the first frame.

Six Cleburne errors, committed at critical points, helped the Tigers out when the going got slow.

The Tigers counted 10 runs in the first inning. Clark, Owens, J. Crook, L. Crook, Warfield and Poarch got singles in that frame, and Crawford batted out a double. The Tigers almost went through their batting order twice before they were retired.

The locals went scoreless from then on until the fourth, when Poarch got on and scored via two Jacket errors. Bittner hit safe in the fifth, and scored on Lamar Crook's double. Benny Poarch added the clincher to a great day on the diamond by poling his homer then, scoring himself and Crook.

Cleburne got its two runs in the fourth, when Poarch walked three batters and Brigham hit safe with the bases loaded.

Box Score.

Tigers—	Ab	R	H	Po

Cleburne	000 200 0— 2

Large Catfish Is Landed At Lake

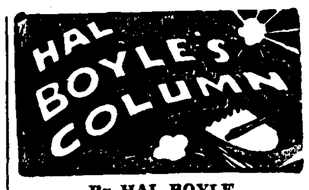

One of the largest fish ever landed at the Corsicana Country Club lake was exhibited here Wednesday morning.

A 25-pound blue catfish, was snared on a trotline set out Tuesday night by Aldine Moore, Jerry S. Scott and Bill Stockard, all of Frost. The sportsmen returned to the lines about daybreak Wednesday morning and the found the big fellow.

Corsicana Man Commended.

A Corsicana man, now a pilot on a Trans World Airline Constellation, was among the airline's crew members recently commended by TWA's President, LaMotte T. Cohu, for helping make possible the company's outstanding record for winter flight completions.

He is John C. Hagins, son of Mr. and Mrs. Charles Hagins, 1104 North Beaton, Corsicana.

By HAL BOYLE

NEW YORK——Memories are being stirred in millions of combat veterans this week by Army and Navy Day parades and ceremonies across America.

Maj. Gen. F. L. Parks, Army public information chief, suggested to former war correspondents that it would be a good time to reprint one of their favorite war stories.

Here is mine—a bouquet to the courage of an old professional soldier that time couldn't tame, KIA (killed in action) in the Normandy breakthrough:

WITH AMERICAN TROOPS IN FRANCE—(AP)—Shorty came a long way to die—and he came against the will of the Army he had served for 27 years.

"Leave me tell you," he used to say, "I'll get those Germans."

That was back in the United States. Shorty had what most soldiers regard as a soft touch—a master Sergeant's rating on a headquarters operations staff.

Eats Young Shavetails

He had the reputation of eating young "shavetails" for breakfast, and every man in the unit was fond of this sawed-off, gray-haired little man with the salty voice and tough manner.

He was a good poker player, and after 27 years of selective competition with the cards he had won the pay of enough buck privates so that he and his wife could afford more than "C" rations any time he wanted to hang up his uniform.

But although his health was poor, Shorty had no wish to get out of the Army. He was only five-feet-four, but he was all soldier.

When he learned his outfit was going overseas, Shorty had to fight a personal campaign to go along. He was the oldest man in the unit, and his friends didn't think his health would stand up under the strain of field duty.

Shorty Hated Germans

Shorty hated the Germans. He hated them in the last war, too, and won the Purple Heart and three wound stripes fighting them in France.

Today a small group of officers who knew and loved the lion-hearted little man stood around a jeep near the frontlines and talked sadly of how the Germans finally got Shorty.

"We'd just taken a town," said his company commander, Capt. James Kuhns, Greensburg, Pa., "and Shorty and two other men heard there still was a German machinegun nest giving us trouble in one of the buildings.

"It wasn't the job of the operating Sergeant to knock it out, but you couldn't keep Shorty from going after those Germans. He was armed only with a pistol, but the two men with him had carbines. Shorty told them: 'Okay, I'll go out and draw their fire, and then you boys give it to them.'

Nest Wiped Out

"He edged out but the Germans caught him with the first burst and mowed him down. He died before he knew the other men located and wiped out that machinegun nest. That was like Shorty—sticking his own neck out."

"Poor old Shorty," one officer said.

For a quarter of an hour they stood there within a few hundred yards of the front lines telling legends of Shorty.

"He was the best damned soldier in this division," said Maj. Nathan M. Quinn of Spencer, Mass.

Shorty would rather have had that sentence on a white cross over his grave than his own—Sgt. Joe L. Piotnick, Baltimore, Md.—because when he was alive he knew he was "the best damned soldier" in any division.

He wouldn't have been Shorty if he hadn't thought so.

"No, dear, I didn't hear any noise downstairs. Go back to sleep-"

MACKENZIE'S Column

The new Russo-Finnish mutual-aid treaty has been described by leading Finnish politicians as cementing the little Baltic republic tighter into the Eastern bloc but preserving the country's sovereignty.

On the face of it that would seem to be so. Certainly there is no question about Finland being more firmly bound to Russia. However, because of that very fact it strikes me the wish is father to the thought about preservation of freedom—just like it may have been in the cases of the fiercely independent states of Bulgaria, Rumania, Yugoslavia, Hungary, Poland and Czechoslovakia. Look at them now, sweating under the Soviet yoke!

New Red Move

Anyway, let's examine this latest Russian move more carefully and not rush to conclusions. There are days when wishful thinking can be mighty dangerous.

In the first place, why should Moscow drop cave-man tactics in dealing with Finland? Well, for one thing the Finns likely would prefer to go down fighting rather than accept servitude by treaty—and the Bolshevists can't afford to stir up a conflict of that sort at this critical juncture.

Then, too, the Muscovites are anxious to put their best side forward for the benefit of the Italian Communists in the forthcoming national election. Control of Italy is a strategic prize without price for Russia in her drive to communize western Europe and thus dominate the entire continent. In lesser degree this also is true of France.

Finland Mirror

So Moscow is using Finland as a mirror to reflect the sun of Soviet beneficence and thereby blind free nations to what is going on. Actually the nature of the Russo-Finnish treaty doesn't alter one iota the fact that Moscow can take over the little country any time it wants to.

Moscow regards Finland as an essential base for defense of Russia's northern wing. The Red line across central Europe was consolidated when Russia took over Czechoslovakia. It remained to deal with the northern and southern wings—Finland in the north, and the Iranian-Turkish-Greek zone on the south. Finland will have been taken care of if her parliament ratifies the new treaty. The fate of the south wing is on the knees of the gods.

Postmasters Confirmed.

WASHINGTON, April 8.—(AP)—Robert L. Phinney, Austin; James R. Brown, Denison, and Mark L. Hodges, Paris, were confirmed by voice vote yesterday by the senate as postmasters.

Truman Aid Asked On Vets Hospital

WASHINGTON, April 8.—(AP)—Rep. Worley (D-Texas) asked President Truman's support yesterday of a proposed 300-bed addition to the Amarillo, Texas, Veterans Administration Hospital.

Worley said Truman approved the general idea, but pointed out final decision would be left to the VA and Congress.

Omar Clark, assistant to the VA Administrator Cary Gray, made the recommendation last week for the enlargement.

Club News

Montfort 4-H Club.

The Montfort 4-H club met at the Bradley school house April 1 for its regular meeting, with Mrs. Fern Bruce, the girls' 4-H agent, present, and Doylene Ragan, president of the club, in charge.

The program consisted of Mrs. Bruce's demonstration on "How to Make Aprons." A song session followed, and the next meeting was set for April 15, at which time a picnic will be held.

There were nine members present for the meeting.

Roane 4-H Club.

Mrs. Fern Bruce, assistant county agent, conducted a demonstration on making aprons at the April 1 meeting of the Roane 4-H Club girls. There were 15 present. The next meeting will be held April 15.

Mamie Sue Holloway, president, called the meeting to order.

One game was played with Bobbie Voss as teacher. Rachel Keller led two songs.

Richland 4-H Club.

The Richland 4-H Club met on Tuesday, April 6 at the high school. The agent, Mrs. Fern Bruce, was present at the session, as was the sponsor, Mrs. Eugene White.

The meeting was called to order by the president, Allie Mae Wigley, and the minutes of the previous meeting read. Mrs. Bruce presented an interesting program on patterns and the fundamentals of sewing.

The next meeting is to be held on May 3, and plans for a dress review and apron meeting will be carried out.

Demo Executive Committee Will Meet April 17th

A meeting of the Navarro County Democratic Executive Committee will be held at the county courtroom at the courthouse, Saturday, April 17 at 10 a. m., according to an announcement by Rex Patterson of Frost, county chairman.

This will be the first meeting of the executive committee since 1946 when the last primaries were conducted.

Plans for the approaching precinct and county presidential conventions, appointment of members to fill vacancies, and other matters of business are expected to come before this session.

Plan Meeting Tuesday.

The Oak Valley-White's Chapel circle of the Hamilton-Beeman Cemetery Association will meet with Mrs. Edgar Young Tuesday, April 13 at 3 p. m.

Traveling Supper

The Rice Baptist ladies are sponsoring a traveling supper, served cafeteria style, at the Rice high school, Wednesday night, April 14. All food will be home-cooked and the sponsors guarantee plenty for a very small charge. Everyone is invited.

Announcing
THE STAR MAXI-TRAC A NEW TRACTOR TIRE COMBINING ALL THE MOST DESIRABLE FEATURES . . .

CLEAN AS A MOLD BOARD PLOW—

The STAR MAXI-TRAC semi-curved traction bar sheds dirt like a mold board plow. This "Plow Action" leaves a clean, deep biting surface that gives perfect traction at all times.

BITES LIKE A SPADING FORK—

The open center construction of the STAR MAXI-TRAC allows the traction bars to bite deep in all kinds of soil and give maximum traction. In mud, sand, clay or on pavement—the STAR MAXI-TRAC holds its grip.

TALL TRACTION CLEATS—

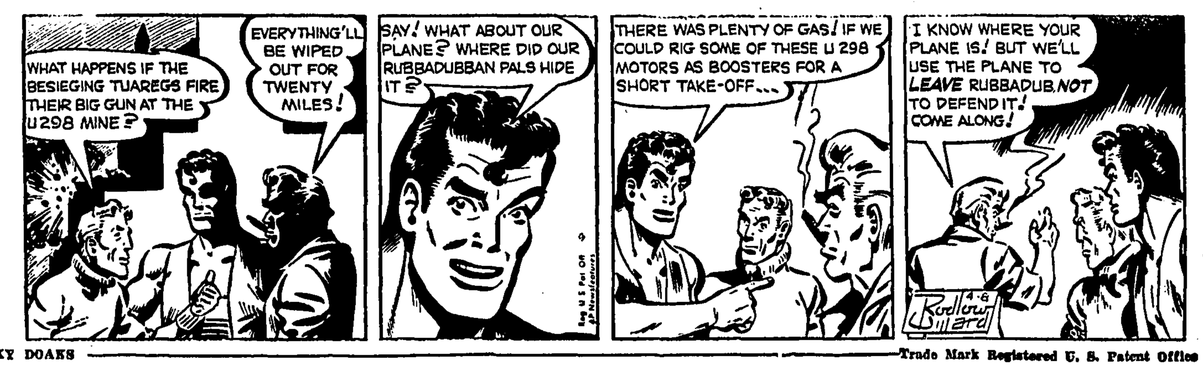

The traction bar cleats on the STAR MAXI-TRAC are taller than on any other tractor tire. The large end knob on the cleats provides extra padding of rubber in the center of the tread for longer wear, smoother rolling. Cleats are of buttressed construction—will not tear or pull off.

NEW YORK STOCK EXCHANGE

By The Associated Press

NEW YORK, April 8.—(AP)—Stock market leaders generally resumed the upward jaunt today after absorbing considerable further profit cashing.

Irregularity ruled until past midday when prices hardened in most departments. While many pivotals exhibited indifference, gains of fractions to a point or so predominated at the close.

Dealings frequently showed but volume for the full session was in the vicinity of 1,000,000 shares.

A few aircraft pushed forward on expectations of large-scale military orders. Rails did little in response to the move for increased passenger fares. Airlines reflected only mildly the boost in mail rates.

Montgomery Ward, U. S. Smelting, Nickel Plate Railroad and Erie Railroad went into new high territory for the year. Ahead most of the time were Boeing, Douglas Aircraft, U. S. Steel, Youngstown Sheet, General Motors, Schenley, American Tobacco "B," International Paper, Barber Asphalt, Amerado Petroleum, Western Maryland Railway, Mission Corp., Standard Oil (NJ) and Eastern Air Lines.

Grain Futures Up

CHICAGO, April 8.—(AP)—An active trade sent grains up for good advances on the Board of Trade today.

Wheat was aided by a pessimistic private crop forecast for Arkansas, overnight sales of flour to foreign countries, a hike of 1 1-2 cent a bushel in the price of the government will pay for cash wheat, and purchases of more than a million bushels of wheat by the government yesterday.

Wheat closed 1 1-4 to 3 3-4 higher, May $2.49-2.59 1-4, corn was 3 1-2 to 5 1-4 higher, May $2.26-2.26 1-4, oats were 3-8 to 1 5-8 higher, May $1.14 3-4 7-8 and soybeans were 6 cents higher, May $3.91.

Cotton

Texas Spots

DALLAS, April 8.—(AP)—Spot cotton 36.65; Houston 36.70.

New Orleans Spots

NEW ORLEANS, April 8.—(AP)—Spot cotton closed steady $2 a bale higher. Sales 1,399. Low middling 32.00; middling 36.50; good middling 37.00. Receipts 883; stocks 82,449.

New Orleans Cotton Table

NEW ORLEANS, April 8.—(AP)—General buying in cotton futures today put prices up to new highs for the season. Closing prices were steady 70 cents to $2.30 a bale higher.

	Open	High	Low	Close
May ..	36.35	36.70	36.22	36.62-67
July ..	35.38	35.90	35.56	35.92-98
October ..	32.44	32.62	32.38	32.52-62
December	31.74	31.89	31.65	31.87
March ..	31.53	31.66	31.52	31.60-b

New York Cotton Table

NEW YORK, April 8.—(AP)—Cotton futures advanced into new seasonal high ground in active dealings today. There was a good deal of mill covering in the old crop deliveries, influenced partly by sales of cotton textiles this week. Short covering and commission house buying was stimulated by the better export outlook and the tightening spot cotton situation. Sledge selling was active, reflecting sizeable sales of spot cotton at the ten primary markets. Gains extended to better than $1 before the market reacted partially on profit taking.

A heavy covering movement in the final hour of trading lifted prices to the best levels for the day, with gains of better than $2.50 a bale.

Futures closed 70 cents to $2.40 a bale higher than the previous close.

	Open	High	Low	Last
May ...	36.24	36.72	36.23	36.66-67
July ...	35.60	36.00	35.55	35.88
October .	32.46	32.64	32.37	32.56-59
December	31.77	31.90	31.64	31.84
March ..	31.57	31.72	31.44	31.65-a

OBSERVE SILVER ANNIVERSARY—Mr. and Mrs. Lee F. Buck of Mildred celebrated their silver Wedding anniversary, Thursday, April 8. They were married, April 8 1923, at Willard, Dallas county, Ark., but had resided at Mildred the past 18 years. Mrs. Buck is the daughter of J. P. Scrimshire, former Arkansas State Senator from Dallas county, Arkansas. Buck has been employed by the Girard Oil Company for 20 years.

IN DARKEST NIGHT OF THE JEWS A LIGHT LIFTED BY PROPHET

During Bitter Exile Judah Turned From Idolatry to Renewed Worship of Their Father's God—His Patience and Shepherd Care—Will Present Turmoil Lead to Religious Revival?

By WILLIAM T. ELLIS and EARL L. DOUGLASS

In times of profoundest experience humanity learns its greatest lessons. Judah's exile in Babylonia taught her people for good and all to abandon their besetting sin of idolatry. They finally heeded the voice of the prophets and in a black period received a new message of promise. One faithful God-obsessed messenger held out a message of hope and restoration.

The Preacher's Part

This lesson portrays the prophet Ezekiel: the nature of the God whom he represented and the future of the restored nation. Some teachers will dwell upon one, some upon another; but none can escape a consideration of the character of the great prophet with the strange visions and tireless devotion.

Ezekiel was a prophet who could not be daunted or diverted. He had been given a vision of the living God and a message from Him to Judah. When first he revealed the burden of his testimony he was hooted and derided and disregarded—a fair object of the coarse humor of his hearers.

Let no modern preacher or teacher who has a vision of truth which the world will not receive think that his is a peculiar case. The great prophets, religious and social, of all the ages have trodden this wine-press alone. Opposition and contempt have never silenced them. Some have ended in martyrs' graves; others, like Ezekiel, have seen their word triumph. Upon the faithfulness of his spokesman God seems to rely for the progress of His Kingdom.

"Brittle Intellectuals"

Ours is a day of uncertain mind; quibbling and criticisms are a prevailing mood.

"The brittle intellectuals who creack beneath a strain" have been heard throughout the land in our desperate day. But now their voice is growing dim. Even they perceive that the old teachings of religion are the only truths for our time, and that our hope is in the men and women who speak the Word and live the Life. Ezekiel challenges every one who has had an experience of God to stand up straight and to speak out loud the truth that has been given him.

As if spoken to our distracted day with its science, "falsely so called", and its new gibberish of strange languages which doom human nature by inherited tendencies and experiences the prophet's words cut into current conditions.

Sour Grapes

Ezekiel sternly repudiates the common proverb that "the fathers have eaten sour grapes, and the children's teeth are set on edge." "Away with such heresy!" cries the old prophet. Each mortal is a distinct individual in his own right, experiencing the rewards or penalties of his own personality. If he sins he suffers; if he obeys God's law he is rewarded in two worlds. "The soul that sinneth it shall die." Nobody can blame his transgression on his father or grandfather. Every page of history is starred by great lives that have emerged from an adverse background. What a change would come to our time if God-inspired voices could be heard in our legislative halls, in colleges and newspapers, sounding the ringing call "Get right with God."

A Challenge to the Nations

That same summons heard by the nations would transform the present scene.

Our prophet, who had spoken many stern words, now portrays the patient loving, forgiving nature of the shepherd God, who cares for his sheep scattered in a cloudy and dark day. His tender promise holds good in our own era, with the Jewish question the paramount issue.

The call of the Lesson is in the Golden Text. "A new heart also will I give you and a new spirit will I put within you."

In a world crowded with crises the question of the fate of the Jews occupies a central place. Comment upon this ancient Scripture is being written in blood in Palestine today. The majority of Jews are contending for a restored "homeland" in a region which has been occupied for milleniums by the original inhabitants, now called "Arabs."

Whether God's ancient covenant with the Jews still holds good or whether it was cancelled by their refusal to accept Jesus as their Messiah is a question upon which theologians do not agree.

But there is no challenging Ezekiel's prophesy of a new spirit in the hearts of the people. A religious revival among the Jews would mean more than the fulfillment of the most soaring Zionist's dream. The present issue is more definitely spiritual than political or military. A return to God is more important than a return to Palestine.

SEVEN SENTENCE SERMONS

To use books aright is to go to them for help.

—Ruskin.

Beware of despairing about yourself; you are commanded to put your trust in God, not in yourself.

—St. Augustine.

Saints by the power of God are kept,
Till His salvation come;
We walk by faith as strangers here,
Till Christ shall call us home.

—Anon.

Glory follows virtue as if it were its shadow.

—Cicero.

A new heart also will I give you, and a new sprit will I put within you.

—Ezekiel 36:26.

One ship drives east and another west
With the selfsame winds that blow;
'Tis the set of the sails,
And not the gales
Which tell us the way to go.

—Wilcox.

My patriotism lives and flutters as a sentiment, unless I know that the land I live in is really making, by its constant life, a contribution to the righteousness and progress of the world.

—Brooks.

*The Sunday School Lesson for April 11 is, "God's Message to a People in Exile" Ezekiel 18:1-4; 34: 11-16; 36:20-28.

TexasTechHead's Resignation Poses Two Big Questions

COLORADO CITY, April 8.—(AP)—Dr. W. M. Whyburn's announcement that he was resigning as president of Texas Technological College at Lubbock posed two questions today:

1. What is the name of the "major university" whose faculty he said he was joining?

2. Who will succeed him as Tech president?

In a letter to Charles C. Thompson of Colorado City, chairman of the board of directors of the college, he asked to be relieved of his duties Aug. 31, expiration date of his contract.

He did not name the university he expected to join, but said that the "new position would place me at the focus of a highest professional level development not only in mathematics, but in the related fields of physics, chemistry, statistics and philosophy."

There was some speculation the 47-year old educator would join the staff of the University of North Carolina. But Chancellor R. B House would neither confirm nor deny the report.

The university has been looking for a head for its mathematics department.

Whyburn is a native of Denton county. He is widely known throughout the nation as a mathematician. He has been president of Tech since 1944.

Thompson said the board had not had an opportunity to discuss a successor to Whyburn.

City Manager Due In Waco April 20

WACO, April 8.—(AP)—A city manager will be appointed April 20 after the new board of aldermen takes over.

The city voted earlier in the year to replace the mayor form of government with the city manager form.

All Waco Dogs To Be Vaccinated

WACO, April 8.—(AP)—Compulsory anti-rabies vaccination of dogs was in effect here today. The action was taken by city aldermen after a 13-year-old boy died here Monday of rabies. The City Hospital said 59 persons were receiving Pasteur treatment.

Eat With Brewer—South Highway 75.

Garbage Fee High On List Of City Revenue Sources

The city's comparatively new garbage hauling service charge brought $16,160 into the municipal cash register during the fiscal year ending March 31, according to a report filed at the city secretary's office.

The ordinance is less than a year old. The entire sanitation department brought in $20,116.30, with sanitation fees totaling $3,828 and sewer charges $128.

The water department, second largest revenue producing department, had meter collections of $144,445.07. The revenue of the department, including deposits fishing and boating permits and other small miscellaneous fees, totaled $161,004.64.

Parking Meters Collect.

Parking meters during the year brought in $21,857.49.

Sin brought in almost as much money as sanitation.

According to the report of City Recorder Chris L. Knox, fines totaling $13,334.50 were assessed during the period. Of this amount according to the report of Police Chief Bruce Nutt, $25 was worked out, the rest collected. Pound fees totaled only $54 during the year. There were 2,220 cases, according to the recorder's report.

The fines levied totaled a new high since 1940. In 1940-41 fines totaled $4,028. In 1945-46, as people got more money and more playful, they jumped to $12,544.

Construction Of New Building Is Planned By Fair

A new livestock exhibit building will be erected at the Corsicana Livestock and Agricultural Show grounds, but work will progress only as far as the money holds out, directors decided at a meeting held Thursday morning.

The directors voted to build the 50x200 foot building, but if the entire $30,000 required to erect it is not on hand, construction will be slashed to fit.

It is possible, the directors said, that the roof and steel sides will be erected this year, and the walls added later.

The group voted to continue a campaign started some time ago and then stopped to raise the necessary funds. During that drive $4,900 was obtained. The fair association has $15,000 on hand for the building.

A motion to continue that campaign immediately and contact other potential givers was carried.

The group discussed a $9,450 budget, and went on record as favoring expansion of the 4-H Club program in any way possible.

JESSIE A. LONG FUNERAL SERVICES PLANNED FRIDAY

Jessie A. Long, aged 49 years, died at his home, 620 South Main Street, Wednesday afternoon. He died on his birthday.

Funeral services will be held from the Corley Chapel Friday afternoon at 3 o'clock. Burial will be in Oakwood cemetery. The rites will be conducted by Rev. A. J. Kirkland, pastor of the Missionary Bapt church.

Long was an employee of the Corsicana Cotton Mills.

Surviving are his wife of Corsicana; two sons, A. O. Long, Waxahachie, and John M. Long, Corsicana; two brothers, Frank Long, Fort Worth, and B. W. Long, Corsicana; a sister, Miss Lillie Fields, Waco; a granddaughter and other relatives.

TSCW Students Hurt In Wreck

Mrs. Reba Buckalew, teacher at TSCW, Denton, and seven TSCW students received first aid treatment at the Navarro Clinic shortly before noon Thursday. They were reported en route to Houston when their car overturned near here. After their discharge from the Clinic, it is understood the group returned to Denton.

The names of the students were unavailable here.

County officers investigated the accident that occurred on Highway 75 a short distance south of Corsicana.

Soldier's Body Is Taken From Gulf

GALVESTON, April 8.—(AP)—The body of Sgt. Earl L. Burns who was drowned in the Gulf of Mexico off Fort Crockett, washed ashore here yesterday. The soldier, visiting the army recreation center here, went under Tuesday. His body was returned to San Antonio, where he was stationed at Lackland air base. His home was listed as Emporia, Kan.

Brief Fire Rages High In Empire State Building

NEW YORK, April 8.—(AP)—A fire and explosion in an Empire State building office suite last night sent flames bursting through 57th floor windows as shattered glass crashed to the street.

Firemen, who brought the blaze under control within 20 minutes, listed the fire and blast tentatively as of suspicious origin and Fire Marshall Thomas P. Brophy began an investigation.

Damage was mostly to one room of an eight-room suite occupied by Ciba States, Ltd., drug manufacturers and dyestuff dealers.

No chemicals were stored in the offices, fire officials said. There was no one in the suite at the time, and a Ciba official could not account for the explosion.

The glass fell around the corner of Fifth Avenue and 34th street, site of the 102-story building.

Miss Sara Suwall Making Survey Of Blind In County

"The tragedy in being blind is not so much in being unable to see as it is in being forced to sit idle," Miss Sara Suwall, representative of the State Commission for the Blind, told the board members of the Corsicana Family Service Association in regular session Thursday morning.

Miss Suwall, herself blind since the age of 16 years, has come to Corsicana in the capacity of a home teacher for the blind. She will spend some time visiting in their homes, and seeing what can be done to help them earn a livelihood.

The board of the Family Service Association endorsed Miss Suwall's work, which is sponsored by the State Commission in cooperation with the Lighthouse for the Blind in Dallas.

Report Made.

The members of the board heard Miss Augusta Helm's report. It showed 159 families being on the rolls for varying degrees of aid, some long-service, some not. She reported that transient service was increasing.

Present balance of funds of the local organization was reported at $4,318.15.

The FSA's only result of the recent X-ray service given here, Miss Helm said, was two tuberculosis patients on the waiting list for hospital service. One has already been accepted by a state hospital and it is hoped that a similar disposition can be made of the other.

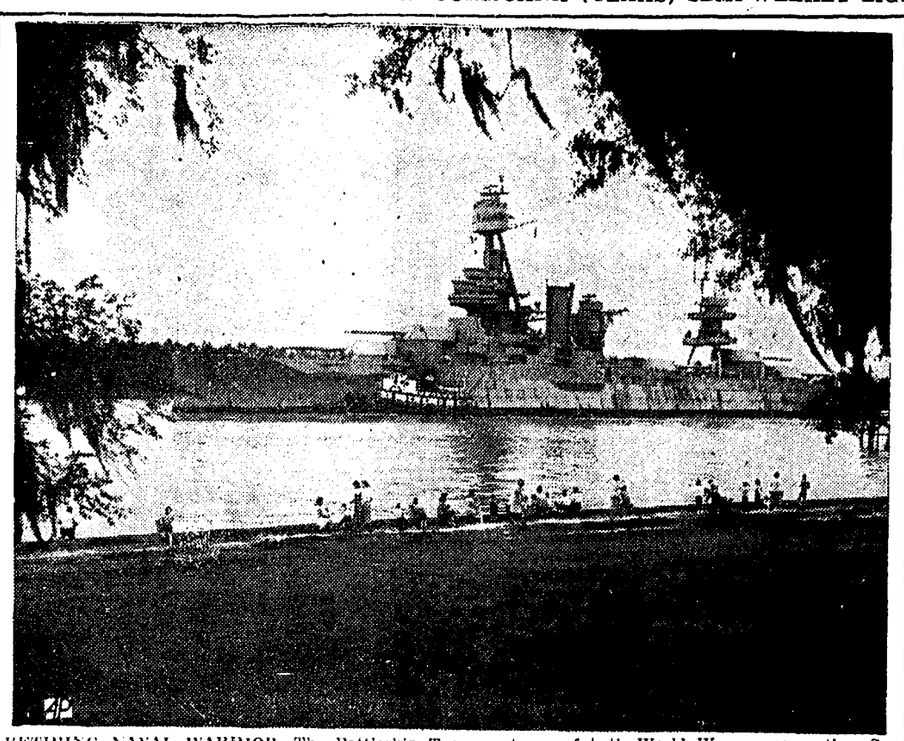

Other action taken by the board members at the session was their appointment of an executive committee consisting of W. P. McCammon, Louis Wolens and Ralph Stell, to act for the board during the coming summer, in cases where it will be impossible or impractical to get the entire board together.

Louis Wolens explained the work of the proposed Community Council, and the board voted to take membership in it, and endorsed its work. Mrs. Ralph Brown Frank Brock, Rip Lang and Miss Helm were named in a group from which the two representatives to the Community Council will be taken for each meeting.

A movement carried over from the last session to invest the $3,000, earmarked for the building fund in government bonds was referred to Louis Wolens for further investigation.

Several board members volunteered to assist Miss Suwall in making her visits to the blind in Corsicana. The visiting speaker made it clear that her present visit was primarily to ascertain what can be done in this area for the sightless, and that it was not known what part of the final estimated cost of the work would be assumed by state or government agencies.

Cub Scouts Hold Kerens Meeting

KERENS, April 7—(Spl)—A group of Cub Scouts with their parents, Den mothers and Scout master, the Rev. Raymond Burton, met Tuesday night at the Kerens High school for the first Pack meeting since the reorganization in March.

Jim Shanks, Boy Scout representative for this area, presided at the meeting, showed two films on "Scouting", and led a round table discussion on the subject.

Den mothers reported attendance and interest good in their groups and that plans were already under way for the May Pack meeting when each Den will participate in stunts and will display handwork they have completed. Den Mothers for Dens I, II and III are Mrs. V. D. Bruner, Mrs. Elbert Beasley and Mrs. W. S. Price, Jr.

Rev. Burton presented membership cards to several Cubs and asked that each Den mother turn in her application blanks so that all Scouts would get cards.

Singing Convention.

The Hubbard District Singing Convention will meet Sunday at 1:30 p. m. with the Cold Corner Baptist church, according to announcement by Jake Matley, president.

The general public is invited to attend.

Wacoan Will Have Charge Of Stock In College Rodeo

Further arrangements for the Navarro Junior College State Championship Rodeo for Texas Junior Colleges to be held here on May 6 and 7, have been announced by Ray Waller, president of the school.

Waller said that arrangements have beeen made with A. L. Murphy of Waco to furnish the stock for the rodeo. Murphy has promised the local school a good string for the occasion, Wallar asserted.

Buck Steiner, Austin manufacturer of leather goods, has asked to donate the saddle which will be given as the prize for the best all-round cowboy at the event.

Four colleges and about 40 contestants are already entered in the rodeo, Waller said.

Red Liner Sails Partly Loaded As Workers Balk

NEW YORK, April 8.—(AP)—The Soviet liner Rossia sailed yesterday with 112 passengers for Mediterranean ports and Odessa, but left behind 5,000 bags of mail which longshoremen had refused to load.

The longshoremen balked at handling "a pound of cargo for any Russian-owned ship."

Many passengers carried their own luggage aboard as the waterfront workers, members of the International Longshoremen's Association (AFL), refused for the second day to work on the ship.

A postal official said all the mail left behind was addressed to Russia and Soviet satellite countries.

Local Minister's Letter Printed In Congress Record

WASHINGTON, April 7—(AP)—In a recent issue of the Congressional Record, Rep. Olin Teague of College Station inserted a letter from the Rev. N. R. Stone, a Corsicana Methodist clergyman.

"There are some great questions, besides politics, that need attention in 1948," wrote the minister.

"When the question of giving is up for any cause whatsoever, the first thing to consider is, are we able, have we got it to give? x x x.

"If this nation is to survive and retain her place among the leading nations of the world as a leader, she must plan a more economical regime. A debt that has been accumulating for 15 years will not be easily liquidated."

Hillsboro Coach Quits.

SHERMAN, April 6.—(AP)—Milton J. Buchanan, assistant coach at Hillsboro Junior College, has been named assistant coach of Austin College and will report June 1. He was a backfield star with Austin College for three years.

You Might Call It "Fire Sale"

SAN ANGELO, Tex., April 8—(AP)—Fireman Charlie White sells fishing worms at the south side station here as a sideline.

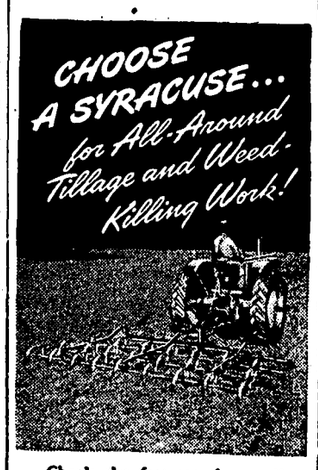

He had on hand yesterday one 50-cent can and three 25-cent cans when the alarm sounded.

When he returned all four cans were gone. On the floor was a half dollar and three quarters.

Streetman Couple Hosts 42 Party

STREETMAN, April 7—(Spl)—A 42 party was enjoyed at the home of Mr. and Mrs. Carl Ferguson Saturday night. After a few games of 42 were played, Mrs. Carl Ferguson and Mrs. Jack Jenkins served open face tuna fish sandwiches, potato chips, cookies, pickles, ice tea and coffee.

Guests were: Rev. and Mrs. M. O. Southerland, Mr. and Mrs. Leonard Lee, daughter and niece, Mr. and Mrs. Ernest Bryant, Mr. and Mrs. Julius Baker and daughter, Mr. and Mrs. Jack Jenkins, J. C. Barrow.

School Election Held At Frost

FROST, April 7.—(Spl.)—J. B. Jones and L. R. Downey were elected as members of the Frost board of school trustees Saturday.

The trustees are expected to be ready to let a contract for a new building soon to replace the one destroyed by fire several months ago.

Holdover trustees are W. F. Bonnett, L. O. Ellis, F. S. Maline, Jerry Green and H. A. Scott.

A school bond issue of $75,000 for the new building in addition to the insurance collected was recently approved by a 210 to 5 vote.
